This product cleans your air of bacteria & their odors. Unlike other air fresheners that only mask odors, this product eliminates tough odors such as smoke, food, mold, mildew, bathroom, and pet odors.

...Air so clean you can smell the freshness.

**Kills 99.9% of Staphylococcus aureus and Eikenelbacter aerogenes on hard, non-porous surfaces in 5 minutes.**

**DIRECTIONS FOR USE:**

To Sanitize the Air: Shake well before each use. To temporarily reduce airborne odor-causing bacteria and air borne odors, close all doors, windows, and air vents. Hold can upright, press button and spray towards the center of an average room (12" x 12" x 8") for 10 seconds. For maximum effectiveness, relative humidity should be between 45% and 70%. Application not required but after spray has settled repeat as necessary. For Surface Disinfection and Sanitization: Pre-clean surfaces prior to use. Shake well before each use. Hold can upright 16" to 18" from surface. Spray 2 to 3 seconds until covered with mist. To Sanitize: Left stand for 5 minutes and allow to air-dry.

To Disinfect: Left stand for 10 minutes and allow to air-dry. Rinses all toys and food contact surfaces with potable water after use. To Control and Prevent Mold & Mildews: Apply to non-porous surfaces. Allow to remain for 10 minutes. Left dry. Repeat applications in weekly intervals or when mold and mildew growth appears.

Do not use on polished wood, painted surfaces, leather, vinyl, fabrics, or acrylic plastics. Do not harm need bathroom surfaces. For other surfaces, test strip is an inconspicuous area. Do not use on asbestos, glasses and dishes. Spray may cause hard floors to slippery. Do not concentrate spray over hard floors.

**PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals

**CAUTION:** Do not spray directly into eyes.

**FIRST AID**

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-10 minutes. Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye.
