NEW 03-06-2012

This product cleans your air of bacteria & their odors. Unlike other air fresheners that only mask odors, this product eliminates tough odors such as smoke, food, mold, mildew, bathroom, and pet odors.

...Air so clean you can smell the freshness.

**Kills 99.9% of Staphylococcus aureus and Enterobacter aerogenes on hard, non-porous surfaces in 5 minutes.**

**DIRECTIONS FOR USE:**

To Sanitize the Air: Shake well before use. Apply spray in a well ventilated area. One to three sprays at 10 seconds intervals as needed. For maximum effectiveness, relative humidity should be between 40% and 60%. Always thoroughly ventilate the area immediately after application.

**For Surface Disinfection and Sanitization:** Preclean surfaces prior to use. Shake well before use. Hold can upright 6 to 12 inches from the surface and in a well ventilated area. Apply 4 to 6 pumps at 10 seconds interval until covered with a thin film. Allow to air dry. Do not use on sensitive surfaces such as paint, varnish, etc.

**To Disinfect:** Use 1 pump for 10 minutes and allow to air dry. Rinse all toys and food contact surfaces with potable water after use. To Control and Prevent Mild & Mildew: Apply to pre-cleaned surface. Allow to remain on for 10 minutes. Let air dry. Repeat applications as needed. Not recommended for use on fabrics, leather, or acrylic fibers. Does not harm most bathroom fixtures. For other surface, spot test in an inconspicuous area. Do not use on vinyl, fiberglass or acrylic. Spary may cause hard floors to slippery. Do not concentrate spray over hardwood floors.

**PRECAUTIONARY STATEMENTS:**

**Hazard to Humans and Domestic Animals:**

CAUTION: Do not use on children, pets, or plants.

**FIRST AID:**

If in eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**CONTACT NUMBER:**

This product cleans your air of bacteria & their odors. Unlike other air fresheners that only mask odors, this product eliminates tough odors such as smoke, food, mold, mildew, bathroom, and pet odors.

Air so clean you can smell the freshness.

*** Kills 99.9% of Staphylococcus aureus and Enterobacter aerogenes on hard, non-porous surfaces in 5 minutes.

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To Sanitize the Air, Shave will become safe. To temporarily reduce airborne solar-causing bacteria and other microorganisms, close all doors, windows, and air vents. Hold can upright, press button and spray towards the center of an even-size room 1/2 to 1/4 ft. for 10 seconds. For maximum effectiveness, relative humidity should be between 50% and 70%. Resume normal activity while air spray has not settled. Please be necessary. For Surface Disinfection and Sanitization: Preclean surfaces prior to use. Shave will become safe. Hold can upright 6" to 8" from surface. Spray 2 to 3 seconds until covered with film. To Sanitize: Let spray for 5 minutes and then let air dry. To Disinfect: Let spray for 10 minutes and then let air dry. Remove toys and food contact surfaces with possible water after use. To Control and Prevent Mold & Mildew: Apply to pre-cleaned surface. Let spray remain wet for 10 minutes. Call 1-800-222-4722 for more applications. Weekly intervals or when needed and relative growth appears. Do not use on polishes, painted surfaces, leather, vinyl fabrics, or acrylic plastics. Do not harm most bathroom surfaces. For other surfaces, spot test in an inconspicuous area. Do not use on cellules, glasses, and toilets. Soap may leave hard floor finishes. Do not combine with other products.

PRECAUTIONARY STATEMENTS: Hazards to humans andDomestic animals.

CAUTION: Do not use directly in eyes.
