- **TIPS FOR LAWN CARE SUCCESS**
  - Feed Regularly
    - Regular feeding provides the nutrients your lawn needs to keep its best until withstands the stresses of weeds, heat, drought & family activity.
  - Mow and Leave the Grass Clippings on Your Lawn
    - Moving high allows the grass to develop a deep root system & helps your lawn use water more efficiently. Grass clippings recycle the plant nutrients back into the soil.
  - Conserve Water
    - Well-fed lawns are more efficient at using available water. Feeding with Scotts® lawn food helps grow a thick lawn with more roots to better absorb water and nutrients than an un-fed lawn. This helps protect your lawn against heat, drought, and other stresses. Remember your lawn will begin to wilt when water is needed. As much as possible take advantage of nature’s sprinkler and rely on the rain to water your lawn.

**APPLY**

- **DIRECTIONS FOR USE**
  - **FILL & SET SPREADER**
    - **Llenar y ajustar el esparcidor**

      - **Espárragos de evaluación en seco Scotts®**
    - **APPLY**
      - **Aplicar**
        - **PREVENTS**
          - Grass weed preventives can be applied the day of planting. When applying, Scotts® broadcast / rotary spreaders:
            - **PREVENTS**
              - **BROADLEAF WEEDS**
                - Barnyard grass
                - Crabgrass, large
                - Crabgrass, smooth
                - Fall panicum
                - Foxtail
                - Pala annua
                - Chickweed
                - Dallis (lawns woodsmen)
                - Searge (prostrate)

**SWEETWATER TIP**

- **CONSERVE WATER**
  - Well-fed lawns are more efficient at using available water. Feeding with Scotts® lawn food helps grow a thick lawn with more roots to better absorb water and nutrients than an un-fed lawn. This helps protect your lawn against heat, drought, and other stresses. Remember your lawn will begin to wilt when water is needed. As much as possible take advantage of nature’s sprinkler and rely on the rain to water your lawn.

**CLEAN-UP**

- **Limpieza**
  - Sweep product from hard surfaces onto the lawn keeps valuable feeding nutrients on the grass.

**YOU'RE DONE! WHAT'S NEXT?**

- **¿Listo? ¿Qué sigue?**
  - Do not water or allow rain to enter the treated area will not be advised. Do not apply dry liquid fertilizer to the area treated with this product. Do not apply this product to a very dry area that will not retain any rain or irrigation water applied to the area treated with this product.

**GENEROSIDAD DE SEEDS**

- Do not apply to recently seeded or sodded areas until after the 10th of June. On very small areas, 6 to 6 weeks before sodding, we recommend you apply this product when the seeds are moist, but not wet. When sodding, apply 12 ounces of this product in the first 2-3 inches of the base of the sodding soil. Follow the label recommendations for treating the base of the sodding.

**DIRECCIONES DE USO**

- **BROADCAST / ROYALTY SPREADERS**
  - Scotts® broadcast / rotary spreaders:
    - Line up each pass approximately 5 ft. front to front track.
    - Follow a consistent pattern, avoiding areas of the homeowner, pets of the area that overlap overlapping each pass.

**SWEETWATER TIP**

- **CONSERVE WATER**
  - Well-fed lawns are more efficient at using available water. Feeding with Scotts® lawn food helps grow a thick lawn with more roots to better absorb water and nutrients than an un-fed lawn. This helps protect your lawn against heat, drought, and other stresses. Remember your lawn will begin to wilt when water is needed. As much as possible take advantage of nature’s sprinkler and rely on the rain to water your lawn.

**We care. Scotts® products are designed with care to grow a thicker, greener lawn.**

**A Green Lawn Is a Good Lawn - A healthy lawn can clean the air, produce oxygen and prevent runoff and soil erosion. You can make a difference - Help keep our water resources clean. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk or street back onto your lawn.**

EPA Reg No. 538-190 (SM) Scotts Turf Builder Halts Crabgrass Preventer with Lawn Food
PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

USER SAFETY RECOMMENDATIONS: User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment. Call 1-800-543-TOUR (8673).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in rain or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, street, or back onto the treated area of the lawn will help to prevent runoff to water bodies or drainage systems. In case of spills, either collect or use up or dispose of properly.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry place. Reopen loosely bag by folding top down and securing.

PESTICIDE AND CONTAINER DISPOSAL: Non-flammable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
