PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Hazards to Humans: Hazard if swallowed. Avoid contact with eyes or clothing. CAUTION: Moderate eye irritation. Wash thoroughly with soap and water after handling.

Hazards to Domestic Animals: FOR EXTERNAL USE ON DOGS ONLY. Do not use in poodles under 12 weeks of age. Consult a veterinarian before using this product on puppies, kittens, or any dog under veterinary care or on dogs with known skin disorders. DO NOT USE ON CATS or other animals other than dogs.

FIRST AID

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- If a cat or dog ingests this product, seek prompt medical attention.
- Do not induce vomiting. If vomiting occurs due to ingestion, consult a veterinarian immediately.

If in eyes:
- Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.

NOTICE

Make the product container or label with you when calling a poison control center or doctor, or going for treatment. The pet owner should call 1-855-644-4575 for emergency medical treatment information.

4 STEPS FOR COMPLETE FLEA CONTROL

Step 1 - Shampoo or dip your dog.
Step 2 - Treat indoor and outdoor premises with indoor and outdoor sprays, foggers and powders.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT USE ON CATS or other animals other than dogs.

Step 3 - Apply NewGuard Plus for Dogs. Place and Tick Treatment with FLOR. For use up to four weeks adult fleas and tick control.

Step 4 - Maintenance treatments with on-animal sprays and powders.

HOW TO APPLY

Remove product tube from package. Holding tube upright, twist off cap. Insert tube over dogs ear and one open end to part dogs hair. Sprinkle tube freely to apply all the solution to the dogs skin. Wrap tube and put in trash.

NewGuard Plus for Dogs is an effective and easy product to apply. This product has demonstrated greater than 95% control of fleas within a day of application. This product prevents eggs from being hatched on pets and developing into biting adults for up to 14 months. As with all flea and tick control products, this product should be used as part of a program that includes flea and tick control products. Consult with your veterinarian, exterminator, or retailer for program recommendations.

DO NOT USE ON CATS - MAY BE FATAL
