Pennant, Deposition Aid
and Drift Control Agent

KEEP OUT OF REACH OF CHILDREN

PRINCIPAL FUNCTIONING AGENTS:
Modified vegetable, lecithin, alcohol ethoxylate ............ 92%
 Constituents ineffective as spray adjuvants ................. 8%
Total ........................................ 100%
All ingredients are exempt from tolerance under 40 CFR 180.

FIRST AID
Call a poison control center or doctor immediately for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or go to treatment.

IF SWALLOWED:
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

HOTLINE NUMBER
For 24 Hour Medical Emergency Assistance (Human or Animal) call 1-800-308-1241 or for Chemical Emergency Assistance (Spill, Leak, Fire or Accident) call CHEMTREC at 1-800-424-9300.

KEEP OUT OF REACH OF CHILDREN

CAUTION
Causes moderate eye irritation. Harmful if inhaled. Avoid contact with eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear long-sleeved shirt and long pants, and shoes plus socks.

DIRECTIONS FOR USE
It is a violation of State law to use this product in a manner inconsistent with its labeling.
AirLink® is intended for use with a wide variety of pesticides and sites including but not limited to agricultural crops, forestry, industrial, non-crop, right-of-way and turf and ornamental.

NOT FOR AQUATIC USE.
AirLink® is suitable for use with in-line injection mixing systems and air induction nozzles.

REFER TO ATTACHED LABEL BOOKLET FOR COMPLETE DIRECTIONS FOR USE AND ADDITIONAL PRECAUTIONARY STATEMENTS.

STORAGE AND DISPOSAL
Store in a cool, dry place. Keep in original container tightly closed. Do not reuse empty container. Do not contaminate water sources by run-off from cleaning of equipment, disposal of rinse waters or spray mixtures. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your State and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

REFER TO ATTACHED LABEL BOOKLET FOR THE COMPLETE STORAGE AND DISPOSAL INSTRUCTIONS.

WARRANTY AND LIMITATION OF DAMAGES

**FIRST AID**

Call a poison control center or doctor immediately for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF SWALLOWED:**
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.

**IF INHALED:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**HOTLINE NUMBER**

For 24 Hour Medical Emergency Assistance (Human or Animal) call 1-800-338-1241 or for Chemical Emergency Assistance (Spill, Leak, Fire or Accident) call CHEMTREC at 1-800-424-9300.

---

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

Causes moderate eye irritation. Harmful if inhaled. Avoid contact with eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear long-sleeved shirt and long pants, and shoes plus socks.

---

**GENERAL INFORMATION**

AirLink® is a spray adjuvant designed to maximize pesticide performance by improving deposition of the spray application on the intended target. AirLink® improves coverage and reduces drift and evaporation of pesticides being applied by ground or air.

AirLink® should be used in conjunction with proper spray equipment selection set-up and use including boom height, nozzle type, size and pressure. Along with good judgment and the proper selection and use of spray equipment, AirLink® can help professional applicators ensure the maximum performance of pesticides.

AirLink® does not negatively affect spray pattern like other drift control adjuvants even when using air-assisted type nozzles.

---

**APPLICATION OR USE RATES**

Determine proper rate of product based on type of application and type of formulation being used. Do not exceed 1% v/v of the spray solution. Product should be the last additive prior to completely filling the spray tank with water.

**Suggested use rates:**
- Emulsifiable Concentrates: 4 to 6 ounces per acre
- Aqueous based formulations: 4 to 6 ounces per acre
- Dry Flowable-Wettable Powders: 4 ounces per acre
- Liquid Flowables: 4 ounces per acre
- Insecticides: 4 ounces per acre

The addition of an adjuvant to some pesticides, pesticide combinations, and/or fertilizers may cause phytotoxicity to the foliage and/or fruit of susceptible crops or non-targeted vegetation. Prior to the addition of the product to a spray tank mix, the user or application advisor must have experience with the combination and/or must have conducted a jar test for compatibility.

---

**DIRECTIONS FOR USE**

It is a violation of State law to use this product in a manner inconsistent with its labeling.

AirLink® is intended for use with a wide variety of pesticides and sites including but not limited to agricultural crops, forestry, industrial, non-crop, right-of-way and turf and ornamental.

**NOT FOR AQUATIC USE.**

AirLink® is suitable for use with in-line injection mixing systems and air induction nozzles.

---

**MIXING**

AirLink® may be mixed with pesticides in conventional spray equipment but should be the last additive prior to completely filling the spray tank with water.

AirLink® may be applied through direct injection systems. If tank space is limited, AirLink® may be premixed with Emulsifiable Concentrates. Before mixing pesticides a compatibility jar test should be conducted with the formulation being used.

---

**STORAGE AND DISPOSAL**

Store in a cool, dry place. Keep in original container tightly closed. Do not reuse empty container. Do not contaminate water sources by run-off from cleaning of equipment, disposal of rinse waters or spray mixtures. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your State and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

**PRODUCT DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable containers 5 gallons or less: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Plastic containers are also disposable by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Nonrefillable containers larger than 5 gallons: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling or reconditioning is not available, puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Plastic containers are also disposable by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures.

Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Pressure rinse as follows: Empty the remaining contents into application equipment or a mix tank and continue to drain for 10 seconds after the flow begins to drip. Hold container upside down over application equipment or mix tank or collect rinsate for later use or disposal. Insert pressure-rinsing nozzle in the side of the container, and rinse at about 40 psi for at least 30 seconds. Drain for 10 seconds after the flow begins to drip. (continued)
WARRANTY AND LIMITATION OF DAMAGES

Universal Crop Protection Alliance, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes set forth in the complete Directions For Use label booklet ("Directions") when used in accordance with those Directions under the conditions described therein. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NO OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE.

This warranty is also subject to the conditions and limitations stated herein.

Buyer and all users shall promptly notify this Company of any claims whether based in contract, negligence, strict liability, other tort or otherwise.

To the extent consistent with applicable law, Buyer and all users are responsible for all loss or damage from use or handling which results from conditions beyond the control of this Company, including, but not limited to, incompatibility with products other than those set forth in the Directions, application to or contact with desirable vegetation, unusual weather, weather conditions which are outside the range considered normal at the application site and for the time period when the product is applied, as well as weather conditions which are outside the application ranges set forth in the Directions, application in any manner not explicitly set forth in the Directions, moisture conditions outside the moisture range specified in the Directions, or the presence of products other than those set forth in the Directions in or on the soil, crop or treated vegetation.

Upon opening and using this product, buyer and all users are deemed to have accepted the terms of this Warranty and Limitation of Damages which may not be varied by any verbal or written agreement. If terms are not acceptable, return the unopened product container at once.

To the extent consistent with applicable law, seller’s liability or default, breach or failure under this label shall be limited to the amount of the purchase price.
