DIRECTIONS FOR USE

STOP READ ENTIRE LABEL BEFORE EACH USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHARE WELL BEFORE USING.

Use Restrictions: Do not allow adults, children or pets to enter the area until sprays have dried. Application is prohibited directly into water or drains, or on any area that is a gully where drainage to sewers, storm drains, water bodies or aquatic habitat can occur.

GENERAL CLOTHING INSTRUCTIONS: This product must not be applied to clothing while it is being worn. Other circumstances should have skin or clothing on the body be treated. • For protection against lice, including those that may carry Lyme disease, clothing and previously applied product are directed below. For full protection, use in conjunction with an insect repellent registered for direct application to the skin and following the primary prevention measures. Avoid walking in areas where the ticks are found, wear appropriate protective clothing (light-colored), long sleeves and long pants tucked into socks and inspect body daily for ticks. Start off should be near the waist or lower torso for entire full protection against lice and chiggers.

INITIAL TREATMENT INSTRUCTIONS: • 1. Select a well-ventilated outdoor area protected from wind and set up the clothing to be treated (as complete outfit: shirt, pants and socks). • 2. Hold container about 6 inches from surface of the clothing and spray with a slow, sweeping motion to lightly wet the outer surface of the fabric. • 3. Continue spraying over entire article until the outer surface of the fabric is treated enough to cause a slight color change or darkening. • 4. Turn the clothing over and treat the other side as described above. Hang the treated article and allow to dry for at least two hours (four hours under humid conditions) before using.

RE-TREATMENT INSTRUCTIONS: The product contains an active ingredient that actually tends to the fabric being treated providing residual protection that lasts a minimum of two weeks and holds up through several machine washings. DO NOT RE- TREAT CLOTHING MORE THAN ONE TIME EVERY TWO WEEKS. LAUNDER CLOTHING AT LEAST ONCE BEFORE RE-TREATING. For re-treatment, follow instructions for initial treatment.

STORAGE AND DISPOSAL

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Do not eat, drink, chew gum, use tobacco or use the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF INHALED: Move to fresh air. If not improved, seek medical attention. Avoid further exposure.

IF SWALLOWED: Call 1-888-880-1181 or visit our website at www repell com for emergency medical treatment information. Have the product container with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-988-1919 for emergency medical treatment information.

Physical or Chemical Hazards

USE RESTRICTIONS: This product contains acaricide(s) that are hazardous to domestic pets. DO NOT USE ON CATS.

Environmental Hazards

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not allow contact with any fish in water adjacent to treated areas. For additional precautions and requirements: • For application in high altitude areas, do not use on slopes greater than 1:5 (1 vert to 5 horizontal). Do not apply the product to or near live water, streams, ditches, or ponds. Do not apply near buildings, roads, driveways or utility rights of way. Do not apply the product to or near living crops or weeds while these are actively visiting the treated area.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
