**Zep Meter Mist Insect Killer II**

**KILLS:** Gnats and Small Flying Moths  
Fresh Outdoor Scent. Contains No CFCs or Other Ozone Depleting Substances.  
Federal Regulations Prohibit CFC Propellants in Aerosols.

**ACTIVE INGREDIENTS:**  
Pyrethrins: ........................................... 0.975%  
*Piperonyl Butoxide, technical:..................................... 1.950%  
N-octyl bicycloheptene dicarboximide:.............................. 3.050%  
**INERT INGREDIENTS:** .............................................. 94.025%  
**TOTAL:** ...................................................................... 100.000%  
Contains petroleum distillates  
*Equivalent to 1.560% (butylcarbityl)(6-propyl)pyrethonyl) ether  
and 0.390% related compounds

EPA REG. NO. 10807-467-1270  
EPA EST. NO. 10807-GA-1

**FIRST AID**

**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.  
**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.  
**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.  
**HOT LINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call 1-877-541-2016, 24 hours, 7 days a week.  
**NOTE TO PHYSICIAN:** Contains petroleum distillates — vomiting may cause aspiration pneumonia.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**
See Back Panel for Additional Precautionary Statements.

Net Wt: 6.4 oz. (181 g)
PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid breathing vapor or spray mist. Avoid contact with the skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through run-off. This water has a potential for run-off for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce run-off that contains this product. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treated area. Do not apply to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. See Directions for Use for additional precautions and restrictions.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not allow spray to contact plastic, painted or varnished surfaces.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR USE IN Food handling and food preparation areas of restaurants and food processing plants, stores, farms, dairies, bakeries, kennels, factories, hotels, motels, offices, ships, planes (cargo area only), supermarkets, food warehouses, bottling plants, homes, milk and egg handling areas of dairies and chicken houses.

This product contains a highly effective insecticide designed especially FOR USE IN automatic dispensers. The dispenser activates the metered valve every 15 minutes. Usually the effectiveness of this product will be noticeable within one hour after the Dispenser is activated. If less than 24 hour control is required, the Dispenser should start one hour before control is desired and run one hour after control is no longer needed. Keep in mind that factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect kill, best results are achieved when sanitation and other positive insect prevention practices are followed.

STORAGE & DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Do not store near heat or open flame. Store in cool dry area away from children.

CONTAINER DISPOSAL: Do Not Puncture or Incinerate! IF EMPTY: Offer for recycling, if available. IF PARTLY FILLED: Call your local solid waste agency for disposal instructions.
