This product is formulated for use on hard, non-porous restroom surfaces in hospitals, nursing homes, schools, institutions and hotels and motels.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**EFFECTIVE AGAINST:** Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enterica and CA-MRSA. **EFFECTIVE AGAINST:** *Herpes simplex virus type 1 and Influenza A virus. TOILET BOWLS/URINALS:** Clean by applying this product around the bowl and up under the rim. Stubborn stains may require brushing. To disinfect, first preclean to remove heavy soil, then remove or expel the residual bowl water over the inner trap. Pour in 1 to 2 oz. of this product to thoroughly cover surfaces. Swab the bowl completely using a scrub brush or mop, making sure to get under rim. Let stand for 10 minutes or overnight, then flush. Refill toilet bowl or urinal with water. Do not allow product to dry on surface. **TO CLEAN TOUGH STAINS:** Squeeze directly onto tough stains and/or surface, or onto damp sponge. Rub to wet all surfaces thoroughly. Rinse or wipe clean.

**FOR DISINFECTING HARD, NON-POUROUS SURFACES AGAINST AVIAN INFLUENZA A VIRUS:** For use in hospitals, hotels, motels, schools and other non-animal use sites, follow the INSTITUTIONAL DISINFECTANT/VIRUCIDAL* DIRECTIONS. This product is not for use on Medical device surfaces. INSTITUTIONAL DISINFECTANT/VIRUCIDAL* DIRECTIONS (Hospitals, Dental Offices, Nursing Homes, and Other Health Care Institutions): For heavily soiled areas, a preliminary cleaning is required. For disinfecting hard, non-porous surfaces such as floors, walls, bathing areas, lavatories and other hard, non-porous surfaces, apply this product with a brush, cloth, mop or sponge until thoroughly wet. Rub with brush, cloth, or sponge. Let stand for 10 minutes. Then rinse. Do not allow to dry on surface. Change cloth, sponge or towels frequently to avoid redeposition of soil. Replace product when it becomes visibly dirty. **KILLS HIV ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of hard nonporous surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV-1. **SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.** PERSONAL PROTECTION: Clean up must always be done wearing protective latex gloves, gowns, masks, and eye protection. **CLEANING PROCEDURE:** Blood and other body fluids must be thoroughly cleaned from hard, non-porous surfaces and objects before application of this product. **DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids, cleaning materials and clothing must be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal. **Contact Time:** Leave treated surface wet for 10 minutes with undiluted solution.

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Keep Out of Reach of Children. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if absorbed through the skin. Harmful if swallowed. Avoid breathing spray mist. Do not get into eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. **ENVIRONMENTAL HAZARD:** This product is toxic to fish. **PHYSICAL OR CHEMICAL HAZARDS:** Do not mix with oxidizers, anionic soaps and detergents. **DO NOT MIX WITH CHLORINE, BLEACH, AMMONIA CLEANERS OR OTHER HOUSEHOLD CHEMICALS.**

**FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED:** Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal. **CONTAINER DISPOSAL/PESTICIDE STORAGE:** Non-refillable container. Store only in original container. Do not reuse empty container. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. Triple rinse as follows: Fill container ¾ full with water and reclose the container. Agitate vigorously and dispose of rinseate. Repeat two more times. Wrap container and put in trash or offer for recycling if available. **RESIDUE REMOVAL INSTRUCTIONS:** Triple rinse container promptly after emptying. Triple rinse as follows: Fill the container ¼ full with water and recap. Shake for 10 seconds. Follow Pesticide Disposal instructions for rinseate disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
