EPA Est. No. 4-HY-1 EPA Reg. No. 4400
BIMART OWNER'S CHOICE™
LAWN WOOD KILLER
CONCENTRATE

KILLS EVEN THE TOUGH WEEDS...
ROOTS AND ALL!

WON'T HARM LAWN GRASS (WHEN
USED AS DIRECTED)

THIS PRODUCT CONTAINS:
0.64 lb. 2,4-dichlorophenoxyacetic acid equivalent per gallon or 6.30%
0.13 lb. (-)-8-(2-(2-methyl-1-chlorophenyl)propionic acid equivalent per
gallon or 1.38%
0.08 lb. 3,6-dichloro-o-cresol acid equivalent per gallon or 0.76%
See label for other ingredients.

PREPARATION AND APPLICATION:

1. Water down the grass before spraying if the grass is too dry.
2. Spray the first application in the spring or fall, when the grass is actively growing. Do not spray during the hottest part of the day. Use a spreader to ensure even coverage.
3. Follow the label instructions for the amount of product to use per square foot.

CAUTION:

1. Do not apply this product to lawns that are undergoing construction or installation of new landscaping. Wait at least 30 days after the installation before applying this product.
2. Do not apply this product over a new sod lawn. Wait at least 30 days after the sod is installed before applying this product.
3. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.

DIRECTIONS FOR USE:

1. Read the label and follow all instructions before using this product.
2. Apply the product to the lawn only, avoiding contact with non-target plants, other vegetation, and water bodies.
3. Do not apply this product to lawns that are undergoing construction or installation of new landscaping. Wait at least 30 days after the installation before applying this product.
4. Do not apply this product over a new sod lawn. Wait at least 30 days after the sod is installed before applying this product.
5. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.

PRECAUTIONS AND RESTRICTIONS:

1. Do not apply this product to lawns that are undergoing construction or installation of new landscaping. Wait at least 30 days after the installation before applying this product.
2. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.
3. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.
4. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.
5. Do not apply this product to areas that are newly seeded or have recently been disturbed. Wait at least 30 days after the seeding or disturbance before applying this product.
PRESUR SPRAYERS

Measure indicated amount of this product into tank, and dilute with water according to the following chart. Use a spray pattern that gives small spray drops without any mist drift, and cover the area indicated.

# First Aid

**If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**If swallowed:**
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If on skin or clothing:**
- Wash skin immediately with plenty of water for 15-20 minutes.
- Remove contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**If inhaled:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for treatment advice.

**Not for human consumption.**

---

**Precautionary Statements**

**Hazard to humans and domestic animals.**

**Caution:** Harmful if absorbed through skin. Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or smoking tobacco, or using the toilet. Wear long-sleeved shirt, long pants, socks, shoes, and gloves. Remove and wash contaminated clothing before reuse.

**Environmental Hazards**

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into streams, ditches, ponds, wells, or other waterways. Apply this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Remove any application equipment over the treated area will help avoid runoff to water bodies or drainage systems.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application across a stream or well may result in contamination of drinking water or ground water.

For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.
