WHAT IT IS & HOW TO USE IT

This product contains Trimis® turf herbicide, a combination of three proven weed killers 2,4-D, metsulfuron and dicamba. Together they control a wide range of broadleaf lawn weeds; some of which are listed on this label.

Use to "spot treat" weeds in the lawn. For best results, apply when weeds are actively growing. Do not water within 24 hours after spraying. Use as is. Do not mix. Do not dilute. Aim at weed and spray. Only a short burst is needed. Overspraying only wastes the product and may cause damage to grasses such as centipedegrass, St. Augustinegrass, and Zoysiagrass. Effects begin to show after a few days and weeds gradually die. Up to 4 weeks may be required for complete kill. Repeat in 30 days if necessary. The number of spot treatments is limited to 2 per year.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRECAUTIONS AND RESTRICTIONS

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until sprays have dried.
- Do not exceed specified dosage. This product is intended for spot spraying individual weeds only.
- Do not apply as a fine mist because of potential for injury to desirable plants.
- Do not use this product on or near desirable plants, including contact of spray on exposed root systems or adventitious shoots within the drip line of desirable trees, shrubs, or crops. Do not apply where crops or desirable plants may come into contact with treated areas.
- Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of streams, lakes, ponds, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when winds are blowing. To prevent product run-off, do not water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.

WHAT IT KILLS

Annual yellow sweetclover
Bittercress, hairy
Black mustard
Blackseed plantain
Bloodroot
Bloodwort
Blue lettuce
Blue vervain
Bracted plantain
Bristly dock
Broadleaf plantain
Broomweed
Bracken
Blackground plantain

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION - Harmful if absorbed through skin. Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt, long pants, socks, shoes, and gloves. Remove and wash contaminated clothing before reuse.

Environmental Hazards
This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a septic or well may result in contamination of drinking water or groundwater.

LIMITED WARRANTY AND DISCLAIMER
For use only as directed. To the extent consistent with applicable law, the manufacturer makes no warranties, whether expressed or implied, including without limitation any warranty of merchantability or fitness for a particular purpose, which are hereby expressly disclaimed. To the extent a warranty is implied, it is expressed only as to the condition of the product at the time of purchase and the warranty is not transferable.

For information on pesticide products (including health concerns, medical emergencies or pesticide incidents), call the National Pesticide Information Center at 1-800-528-7588.
