Suppression
Antifoaming and Defoaming Agent

Principal Functioning Agents:

- Dimethylpolysiloxane, polypropylene glycol, silicon dioxide......................... .15.5%
- Constituents Ineffective As Spray Adjuvants.................................................. 84.5%

Total..................................................................................................................100.0%

All ingredients in this product are exempt from the requirements of a tolerance as specified under Title 40, Code of Federal Regulations 180.

KEEP OUT OF REACH OF CHILDREN
CAUTION

Harmful if inhaled. Avoid breathing spray mist. Remove and wash contaminated clothing before reuse. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Harmful if swallowed. Avoid contact with skin and clothing. Personal Protective Equipment: Wear long-sleeved shirt, and long pants, and shoes plus socks.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

GENERAL INFORMATION

SUPPRESSION is a concentrated powdered antifoam that contains 15.5% active silicone for the prevention of foam in fertilizer and pesticide spray applications. By providing 1 and 1/2 times the activity level of conventional 10% liquid antifoams, SUPPRESSION reduces pesticide spillage and tank mix fill time by effectively preventing foam formation. The dry, concentrated formulation eliminates storage and stability problems, in addition to reducing container disposal and ensuring foam-free pesticide applications.

NET CONTENTS: 8 oz.(1/2 Lb.)
Manufactured by:

CHEMORSE, LTD.
1596 NE 58th Avenue
Des Moines, IA 50313

SUPPRESSION can be introduced through induction systems or through the tank mix lid opening. SUPPRESSION will not interact with any of the chemicals to which it is applied.

DIRECTIONS FOR USE

Use rates will vary depending on the amount of foaming components present in the tank mix. The unique shaker jar package is designed to allow the user to adjust rates accordingly. Use 1 to 2 shakes per 100 gallons of spray solution. If mixing products known to foam, SUPPRESSION should be added to the tank mix first.

If foaming develops while mixing, add enough SUPPRESSION to eliminate foam problem. Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label.

NOT FOR AQUATIC USE.

STORAGE AND DISPOSAL INFORMATION

STORAGE: Store in original container only, away from other pesticides, fertilizers, food or feed. Keep this container closed when not in use and take care to prevent any water from being introduced to the contents of this container. Do not contaminate water, food or feed by storage or disposal.

CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option for container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

NOTICE OF WARRANTY: Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. IN NO CASE SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER. SELLER MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
