SURFACTANT, CANOPY PENETRATING AGENT, DRIFT CONTROL AGENT

READ ENTIRE CONTAINER LABEL BEFORE USING THIS PRODUCT

PRINCIPAL FUNCTIONING AGENTS:
Phosphatidylcholine, modified seed oil, alkyl amine ethoxylate ........................................ 99.9%
Constituents Ineffective as Spray Adjuvants ................................................................. 0.1%
Total ................................................................................................................................ 100.0%

All ingredients are exempt from tolerance requirements under 40 CFR 180.
WA Reg. No. 9971-12002

KEEP OUT OF REACH OF CHILDREN
DANGER - PELIGRO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed, absorbed through skin, or inhaled. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT: Wear protective eyewear (goggles or face shield), chemical-resistant gloves, coveralls worn over long-sleeved shirt and long pants, and chemical-resistant footwear plus socks.

FIRST AID

IF IN EYES – Holding lids apart, flush eyes with gentle stream of water for 15 minutes. Remove contact lenses after the first 5 minutes, if present, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN – Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED – Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
IF INHALED - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

GENERAL INFORMATION

Drift-Fiant acts as a deposition agent for use with Herbicides, Desiccants, and Foliar nutrients. Not for use with Insecticides and Fungicides. Drift-Fiant induces more spray droplets into the ideal size droplets. It enhances a more accurate spray pattern by providing a more appropriate overlap. The number of fines and extra large droplets are reduced. Proper judgment and sound application technology must always be followed when spraying pesticides.

DIRECTIONS FOR USE

USE THIS PRODUCT ONLY AS SPECIFIED ON LABEL. Drift-Fiant should be added to the spray mixture after all other spray components have been added to the spray mixture. Drift-Fiant™ adjuvant can be used at rates of 1-2 pints per 100 gallons of spray mixture in most agricultural uses.
Most applications with Emulsifiable Concentrate (EC) and Aqueous Solution (AS) work best with 2 pts/100 gallons of spray solution. Dry Flowables (DF) and Wettable Powder (WP) work well with 1 pt/100 gallons of spray solution. In non-crop situation use rates can be increased to 4 pts/100 gallons of spray solution. Most crops have shown excellent safety to this product. However, before treating a large area of a horticultural crop test a small area first for crop safety.

DO NOT EXCEED A RATE OF 1% OF FINAL SPRAY VOLUME WITH THIS PRODUCT.

NOT FOR AQUATIC USE.

ATTENTION

Extreme care must be used when applying any pesticide to prevent injury to desirable plants and crops. A pesticide product may kill, seriously injure or reduce yields of many desirable forms of vegetation including flowers, fruits, grapes, tomatoes, ornamentals, vegetables, cotton, soybeans, tobacco, beans and other desirable non-target plants. Minute quantities of spray may cause severe plant response. Read and follow Spray Drift Management section of the pesticide label. It is suggested to use a smoke generator or other means at or near the application site for the detection of air movement, air stability, or temperature inversions. An adjuvant may only decrease, but not prevent, the likelihood of spray drift.

SPRAY DRIFT MANAGEMENT

A variety of factors including weather conditions (e.g., wind direction, wind speed, temperature, relative humidity) and method of application (e.g., ground, aerial, airblast, chemigation) can influence pesticide drift. The applicator must evaluate all factors and make appropriate adjustments when applying this product.

PHYSICAL OR CHEMICAL HAZARDS

The same precautions should be observed in equipment stored after use. If Drift-Fiant™ concentrate contacts equipment, flush thoroughly with water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Do not store at temperatures above 140°F.

DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

Limitation of Liability: In the event of a dispute between Buyer and AgraSyst, or a dispute involving any third party, AgraSyst shall not be liable to Buyer or any third party for special, incidental, or consequential damages, or for damages in the nature of penalties or for punitive damages. AgraSyst shall not be liable to Buyer, its licensees, employees, servants, or agents, by way of indemnification or contribution, or to customers of Buyer, if any, or any third party, for any damage, sums of money, loss of profits, claims or demands whatsoever, resulting from or by reason of, or arising out of the use or misuse, or the failure to follow warnings or instructions for use, of the goods sold by AgraSyst to Buyer, or any applicator’s or user’s failure to follow any label instructions or warnings. Buyer’s or user’s exclusive remedy, and AgraSyst’s total liability to Buyer or user shall be for damages not exceeding the purchase price of the goods with respect to which such claims are made.

Warranty Disclaimer: The goods sold to you under this Contract are furnished “as is” by AgraSyst. Except as specifically agreed in writing, AgraSyst makes no warranties, guarantees, or representations of any kind to Buyer or user, or to any third party, either express or implied, orally or in writing, or by usage of trade, statutory or otherwise, with regard to the goods sold, including, but not limited to warranties of merchantability, fitness for a particular purpose, or use or eligibility of the goods for any particular trade usage.
