PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Avoid contact with skin or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Apply this product only as specified on this label. Do not contaminate food or feedstuff. THIS PRODUCT IS FOR INDOOR USE ONLY. Do not use in aircraft cabins. Do not apply this product directly to companion animals (pets). Do not apply this product when food, feed and/or drinking water is present. Do not allow adults, children, or pets to enter the treated area until spray has dried. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Do not apply in feed areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food processing surfaces and utensils during treatment, or thoroughly wash utensils before use. Carefully exposed food and drinking water, and remove utensils before use. Do not apply directly to owners or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not apply this product to any drain during or after application. Remove pets, birds and cover fish aquaria and ornamental fish ponds before spraying, and turn aquarium filters off.

USE INFORMATION: For best results before any carpet/pet surface treatment, vacuum thoroughly before spraying and immediately dispose of vacuum bag in a secure trash. Before treatment, SHAKES will and make a test application to surfaces to be treated in an inconspicuous place.

FLEAS & TICKS: Hold can 2 to 3 feet from surface to be treated. Turn container upside down and point nozzle toward surface to be sprayed. Be sure to apply uniformly using a sweeping motion to carpets, rugs, floors, drapes, mattresses and all surfaces of upholstered furniture including under cushions. Avoid over wetting furniture and carpets. A fine mist or spray applied uniformly is all that is necessary to kill fleas and ticks. Be sure to treat pet bedding, as it is a primary breeding site for fleas, ticks, and their eggs. No need to remove pet bedding after treatment. DO NOT TREAT FELT. Use a registered flea control product on your pets in conjunction with this treatment.

COCOONING: Spray into hiding places such as cracks, crevices, behind seats, cabinets, along baseboards and floors, around doors and plumbing. Directly contact as many larvae as possible.

DUST MITES: Spray with a sweeping motion to surfaces where dust mites congregate such as mattresses, box springs, headboards, floors, carpets, and headboards. Spray surfaces until damp. Apply on mattresses as a spot treatment to mattresses, spacers, mattress covers, and other bedding. Apply on beds, mattresses, and on tops of all bedding. Do not use directly on pillows, bed linen, or drapes. Do not saturate the mattress and do not treat entire surface area of mattress. Allow mattresses to dry thoroughly before replacing pillows and/ or bed sheets.

CARPET BEETLES: Apply with a sweeping motion as a surface spray to carpet, rugs, drapes, baseboards, upholstered furniture, and area edges of carpet.

LICE: Spray only surfaces that cannot be laundered or dry cleaned including mattresses and upholstered furniture. Apply on mattresses as a spot treatment to mattress cover, edges, buttons, and other areas of bedding. Do not use directly on pillows, bed linens, or drapes. Do not saturate the mattress and do not treat entire surface area of mattress. Allow mattresses to dry thoroughly before replacing pillows and/ or bed sheets.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feedstuff with this product.

PESTICIDE STORAGE: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not puncture or incinerate. Nonrefillable container. Do not reuse or refill this container. IF EMPTY: Place in trash or offer for recycling if available. IF PARTIALLY FILLED: Call your local solid waste agency for disposal instructions.
