Hi-Yield® Snake Repellent

- Repel Snakes from Lawns & Around Homes
- Repellent Triggers Avoidance Behavior in Snakes
- Snakes Go-Away

NET WEIGHT 4 LBS. (1.8 KG) 33683
**KEEP OUT OF REACH OF CHILDREN**

**Hi-Yield® Snake Repellent** effectively repels snakes from areas where they are not wanted. Apply around homes, garages, barns, swimming pools, garden sheds, woodpiles and other areas where snakes may be a problem. May also be used in areas where children and pets play. Hi-Yield® Snake Repellent is biodegradable and will not harm lawns, flowerbeds or other desirable plants when used as directed.

**HOW IT WORKS**

The unique blend of ingredients in this product trigger escape/retreat behavior in snakes. Snakes actually taste the air around them (via a receptor organ known as the Jacobson’s organ). This product provides a powerful scent/slate repellent that snakes find unpleasant and which triggers a natural reaction to escape and avoid. Hi-Yield® Snake Repellent does not harm snakes, it drives them away, naturally.

**HOW TO USE**

**PERIMETER/BARRIER TREATMENT**

Lightly spray a band 6 - 8 inches wide, next to and around the area you wish to protect. It is not necessary to completely cover the ground with product. One pound will treat a band 8 inches wide by 50 feet in length. After 2 weeks or snakes have been observed, a broadcast/maintenance application may be made at the rate of 1 lb per 100 sq. ft. Do not water before application. Reapply product after heavy rains or every two to three weeks to obtain best results.

**SNAKE PREVENTION TIPS**

- Keep grass cut low and vegetation trimmed away from home and other building/structures.
- Cut down heavy brush or trim back hedges.
- Keep compost piles away from home and other buildings on your property.
- Eliminate debris such as old piles/stack piles.
- Carefully inspect foundations and fill any cracks/crevices that would allow a rodent or snake to enter.
- Seal small gaps under doors, decks, fences, etc.

**User Precautions - Reminder**

Some snakes are poisonous. NEVER attempt to pick up or snake unless you are properly trained, experienced and know which species you are dealing with. Handling wild snakes is best left to experts. Contact your local wildlife management office for further information.

**FIRST AID**

Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with plenty of water. In case of skin irritation, wash area thoroughly with soap and water. Seek medical attention if irritation persists.

**STORAGE AND DISPOSAL**

Store and transport in an upright position. Store only in original container. In dry place inaccessible to children and pets. Do not reuse empty container. Discard empty container with trash. Other Precautions: Do not apply directly to water.

This product is exempt from registration with the Federal EPA under section 75(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. Voluntary Purchasing Group, Inc. represents that this product and its ingredients qualify for exemption from registration under FIFRA.
