DUROBROM

Active ingredients:
1-chloro-2,4-dinitrobenzene.............................................. 94.2%
3-chloro-4,6-dinitrophenylhydrazine............................... 5.8%
3-chloro-4-nitrophenylhydrazine................................. 10.5%
Other ingredients.................................................. 2.3%

Total Available Halogen as Bromine: 14.1%
Total Available Halogen as Chlorine: 22.0%

KEEP OUT OF REACH OF CHILDREN DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER - NO CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if swallowed. Do not breathe. Inhaling fumes may cause tinnitus in nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or on clothing. Avoid prolonged contact with clothing, mineral oil or mineral oil-based products. Wash thoroughly with soap and water after handing and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID
Call poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor for treatment advice.

IN EYES: cool gently and irrigate with water for 15 to 20 minutes. If pain persists, consult a physician.

IN SKIN OR CLOTHING: Take off contaminated clothing. Skin contamination may cause skin irritation or burns. Wash immediately with soap and water for 15 to 20 minutes. Remove contaminated clothing and wash clothing before reuse.

INHALED: fresh air. If person is not breathing, call 911 or an emergency number.

INHALED: immediately give artificial respiration, preferably by mouth-to-mouth, if possible.

NOT TO PHYSICIAN: Notify physician. Excess dosage may cause general irritation of lungs.

ENVIROMENTAL HAZARDS

This product is non-toxic. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to water systems without previously notifying the local sewage treatment plant authorities. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

CHEMICAL HAZARD: STRONG OXIDIZING AGENT. May only with water. Use clean dry utensils. Do not add this product to any dispersing device containing remnants of any other product. Each cause may cause violent reaction leading to fire or explosion. Combustion with oxygen, organic matter, or other chemicals may result in a chemical reaction with generation of heat, release of hazardous gases, and possible cumulative damage to fire and explosion. In case of contamination or decomposition, do not re-container. If possible, store container in open at well-ventilated area. Filled with large volumes of water, if necessary.

STORAGE AND DISPOSAL

Do not store water, food or living storage or disposal.

PESTICIDE STORAGE

Do not store in direct sunlight. Do not store at temperatures above 120°F. Keep in tight, closed containers. To store in cool, dry, well-ventilated places. Do not freeze. Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray residue, or rinsewater is a violation of Federal Law. If these wastes cannot be disposed of by you, contact your local pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL: Nonhazardous. Do not reuse or recondition this container. (Glass and plastic containers) Use in food: Dispose of in sanitary landfill or incinerate if allowed by State and local authorities. In the event of disposal, if not recycled, these containers are hazardous waste and must be disposed of in accordance with local, state, and federal regulations. Do not cut or acid wash containers. Disposal may cause injury to human health and the environment. May cause injury to aquatic life. If inhaled, rinse container thoroughly. Do not re-container. Nonhazardous. Do not re-container. (Metal and plastic containers) Nonhazardous. Do not re-container. (Metal and plastic containers) Nonhazardous. Do not re-container. (Metal and plastic containers) Nonhazardous. Do not re-container.
