**SUPER SELECT shock treatment**

- kills bacteria
- kills algae
- crystal clear results in 24 hours
- good for all pool surfaces

**DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE. WHY YOU SHOULD USE THIS PRODUCT: This is an effective shock treatment that works quickly, destroys bacteria and algae and restores crystal clear to pool water. For crystal clear pool water, follow the following HTH 4-step pool care program: Step 1: Test and balance water, Step 2: Surprise, Step 3: Brush out algae every week, Step 4: Add algicide as directed. Use the recommended dosage of this product within the filter pump is running. Adjust and maintain pH to 7.2 to 7.6 with HTH pH Plus and HTH pH Minus. Follow label directions. Allow the pH adjusters to circulate and dispense before adding this product to the pool. When adding this product to your pool, broadcast this product evenly over a wide area of the deepest part of the pool.

**FOGGER RATE:** SHOCK TREATMENT / SUPER CHLORINATION: A lb. bag of HTH Super Select Shock Treatment will deliver the following amount of available chlorine. To effectively provide a shock treatment to your pool, a chlorine level of 5-16 gpm should be achieved. Re-entry to treated pools is prohibited above levels of 4 gpm for risk of body injury. Use entire contents of bag when opened.

**ALGAE CONTROL:** 1. Follow "POOL SHOCK TREATMENT" directions on this label. 2. Ad this product as close as possible to any algae on the sides or bottom of the pool. 3. Do not enter pool until the free available chlorine residual is 1-4 ppm. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of body injury. 4. If necessary, repeat the treatment. 5. To prevent possible staining or blanching, take the following steps immediately after treatment: Thoroughly clean pool by brushing surface of algae growth, vacuum and cycle through filter. For preventative algae control, use your preferred algicide product regularly. However, if problems persist use your preferred algicide product regularly. Follow label directions on that product.

**TO DETERMINE YOUR POOL CAPACITY IN U.S. GALLONS, USE THE APPROPRIATE FORMULA BELOW:**

**POOL SHAPE FORMULA** (Use measurements in feet only)

**RECTANGULAR**

Length x Width x Average Depth x 7.5 = Total Gallons

**ROUND**

Diameter x Diameter x Average Depth x 5.9 = Total Gallons

**OVAL**

Maximum Length x Maximum Width x Average Depth x 5.9 = Total Gallons

**FREE FORM**

Surface Area (sq. Feet) x Average Depth x 7.5 = Total Gallons

**PRECAUTIONARY STATEMENTS**

**DANGERS TO HUMANS AND DOMESTIC ANIMALS:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Irritating to nose and throat. In case of contact with eyes, flush with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN DRESS OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
