Supplemental Labeling

Dow AgroSciences LLC            9330 Zionsville Road            Indianapolis, IN  46268-1054 USA

N-Serve® 24
EPA Reg. No. 62719-20

This supplemental labeling expires on May 14, 2015 and must not be used or distributed after that date.

Replant Restrictions

ATTENTION
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for N-Serve® 24 nitrogen stabilizer before applying. Carefully follow all precautionary statements and applicable use directions.
- Use of N-Serve 24 according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the container for N-Serve 24.

Directions for Use

Refer to product label for Product Information, Mixing and application directions.

Corn (field, sweet, pop), sorghum, wheat, other cereals, oilseed crops (including soybeans), and leafy vegetables, may be rotated 120 days from the last application of N-Serve 24. All other crops are not to be rotated in less than one year after the last application.

Note: This pesticide is toxic to oysters/shrimp. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Refer to the Environmental Hazards section of the product label attached to the product container for required protective measures.
