KEEP OUT OF REACH OF CHILDREN

WARNING

FIRST AID

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-30 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. • Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-30 minutes. • Call a poison control center or doctor for treatment advice.

If Inhaled: Move person to fresh air. • If person is not breathing, call 911 or do CPR immediately. • Give artificial respiration, if possible. • Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-0972.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin, or clothing. Harmful if inhaled. Avoid breathing product vapor. If swallowed, wash out with plenty of water or soap and water. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON HORSES, FERRETS, DOGS AND CATS.

Follow all precautions and directions.

SHAKE WELL BEFORE USE

For use on Horses, Ferrets, Dogs, Cats, Puppies, and Kittens over the age of 12 weeks for control of Fleas and Ticks. Do not repeat treatment for 7 days. Do not use on puppies and kittens under 12 weeks. Consult a veterinarian before using this product on dairy animals, aged, pregnant, or nursing animals. Sensitivities may occur using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult your veterinarian immediately.

HOW TO USE: Wet the animal’s coat for 2 – 3 minutes with warm water. Apply shampoo on head and ears and tail. Then repeat procedure with neck, chest, and underside of thighs. Absorb any excess and paying special attention to the feet and underbelly area. Work the head and ear areas carefully, making sure to keep the shampoo out of the animal’s eyes. NOTE: A drop of glycerin in each eye before bathing may prevent or reduce irritation if the shampoo gets in the animal’s eyes. Pay special attention to the base of the tail, as it is a place frequented frequently. Fully bath the animal and lot bather remain on animal for 5 minutes before rinsing thoroughly with water.

NOTE: This final step is an important part of grooming procedure. For small dogs and cats less than 15 pounds, wrapping the animal in a towel for several minutes to absorb moisture is advised. This also will allow drying time and the sides of the animal to cool down before drying animal with a towel or blow dryer. The final step consists of the animal in only part of the solution to the problem. The tail of the horse and the tail of the cat is used by the animal must also be treated for complete control.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed with storage and disposal.

Pesticide Storage

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Discard container. Do not puncture or incinerate the container. If empty: Place in trash or offer for recycling if available. If promptly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
