For use on DOGS AND PUPPIES (8 weeks old or older) to repel and Kill Fleas and ticks. Do not apply to cats and dogs in household areas or areas subject to normal household exposure to normal household exposure to indoor and outdoor environments.

**APPLICATION DIRECTIONS**

1. Remove cap from applicator. Hold applicator upright and remove cap.
2. Invert cap and place other end back onto applicator tip. Push cap down into applicator.
3. Remove cap prior to treatment application.
4. Pets less than 1 pound and skin is visible. Place applicator tip directly against axillary skin.
5. For small dogs and puppies 8 weeks old or older weighing 4 to 10 lbs or weighing 11 to 22 lbs: Depress entire contents by squeezing the entire applicator contents onto dog's skin at the axillary, below the shoulder blades as shown in Figure 2a.
6. For medium dogs 23 to 44 lbs or large dogs 45 to 88 lbs: Apply the product evenly to three spots on the dog's back, one between the shoulder blades and the other on the neck and between the shoulder blades. Apply the product 6 inches apart as shown in Figures 2b, 3a, and 3b. If the dog moves, reapply the product until empty.
7. For extra large dogs 89 to 112 lbs: Apply the product evenly to four spots on the dog's back, starting between the shoulder blades and continuing up to the second, third, and fourth spots as shown in Figures 3b, 4a, and 4b. Ensure the entire applicator contents were applied evenly.

**FREQUENCY OF APPLICATION**

Rats, fleas, lice, ticks, and scabies in dogs can be controlled with monthly applications of PermethrinProTM Advanced Topical Solution for Dogs. Billing fees and manipulations are required by PermethrinProTM Advanced Topical Solution for Dogs. For an accurate application, refer to the enclosed label instructions. In the event of an allergic reaction, consult a veterinarian immediately. Apply monthly until a reaction is no longer noted. Do not stop using the product before the recommended treatment interval is completed. After the completion of the recommended treatment interval, the product can be discontinued. The product is effective for up to 4 months. Do not substitute or replace the product with another product.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by cleaning and disposal of any part of the product. Do not use or store in areas accessible to children. Do not use, store, or handle in accordance with the label instructions. All users and users are equally responsible for all risks of use and handling of the product when such use and handling are carried out in accordance with the label instructions. To the extent permitted by applicable law, any damages arising from a breach of this warranty shall be limited to direct damages only and shall not include any type of consequential or incidental damages. The product is effective for up to 4 months. Do not substitute or replace the product with another product.

**LIMITED WARRANTY AND DISCLAIMER**

FleaPro warrants that this product performs only if it is used, handled, and disposed of in accordance with the label instructions. Any users and users may be equally responsible for all risks of use and handling of this product or of any person who uses or handles this product, provided such use or handling is carried out in accordance with the label instructions. To the extent permitted by applicable law, any damages arising from a breach of this warranty shall be limited to direct damages only and shall not include any type of consequential or incidental damages.
