FEATURES, CLARIFICATIONS, AND USES
This product is effective against bacteria, yeasts,–Tuberculocid, and Fungicid on hard nonporous surfaces when used as a disinfectant. This product has demonstrated effectiveness on preclinical hard nonporous surfaces against the following microorganisms:

**VIROCIDAL** - Kils Human Immunodeficiency virus Type 1 (HIV-1) which causes AIDS, Herpes Simplex Virus Type 1 and Herpes Simplex Virus Type 2. Flu, H3N2, H1N1, H1N1/09, Influenza A & B viruses, Pseudomonas aeruginosa, Staphylococcus aureus, and Staphylococcus epidermidis.

**BACTERICIDAL** - Kils Escherichia coli; Pseudomonas aeruginosa; Salmonella enteritidis; Salmonella schmutzii; Pasteurella spp., Pseudomonas putida; and Pseudomonas pseudoalcaligenes.

**TUBERCULOCIDAL** - Kils Mycobacterium tuberculosis (Tuberculocid).

**FUNGICIDAL** - Kils Trichophyton mentagrophytes (athlete’s foot) fungically, formerly known as T. interdigitale) in barrooms, shower areas, and locker rooms.

**CONTROLS MOLD/MILDEW** - Complete inhibition of the growth of Aspergillus niger, and other fungi.

**SANITIZERS** - Controls Staphylococcus aureus and Klebsiella pneumoniae on porous and fabric surfaces like fine filters. On paper, metal, wood, rubber, and plastic equipment.

**DEODORIZERS** - Pleasant fragrance quickly suppresses existing unpleasant odors and creates a preferred environment.

**SAFE FOR USE IN:** Industries, Institutional, Commercial, Medical, and Residential Facilities, equipment, and vehicles, including: hospitals, nursing homes, medical and dental offices and clinics, veterinary offices and animal arenas, zoos, laboratories, hotels and motels, restaurants and cafeterias, food storage, processing, packaging; supermarkets and stores, warehouse and equipment, offices, stores; factories and manufacturing plants, and apartment buildings and homes.

**SAFE FOR USE ON:** Most glass, glazed porcelain, glazed ceramic, enamelled, painted, plastic (such as ABS, acrylic, latex, rubber, phenolic resin, polycarbonate, polyester, polyethylene, polypropylene, polystyrene, polychloroethene, polyurethane, phenolic, and modified phenolic, and other materials, sealed grout, and sealed concrete, and similar nonporous surfaces.

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMAN AND DOMESTIC ANIMALS**: CAUTION: This product is flammable and can ignite immediately with any source of ignition. Do not dry meat or poultry on top of the sheet pan. Do not store this product in an environment that is not resistant to chemicals, solvents, and dry cleaning solvents.

**FIRST AID**

If in eyes: Hold eye open and wash with plenty of water for 15-30 minutes. Remove contact lenses, if present for at least 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. Call a Poison Control Center or doctor for treatment advice.

**NOTICE TO USER**

In case of an emergency call the toll-free number 1-800-222-1222.

**PHYSICAL/CHIMICAL HAZARDS**

Flammable: Contents under pressure. Keep away from heat, sparks, light, and flames. Do not store in metal containers. Do not wash with acids or alkalies.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not to be used as a terminal sterilization/disinfection on any surface or instrument that (1) is introduced directly into the human body, either in or on contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or chronic enter normally sterile areas of the body. This product may be used to preclude or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

**GENERAL**

Store container well after use and use unopened with surgical gloves. For use on preclinical hard nonporous surfaces, not for use on humans or animals. Not for use on food or beverage products, waste treatments, or dental fittings. Do not use on fabrics, lenses, or other materials. If product is accidentally exposed to any article, discard if contaminated. If product is accidentally exposed to any article, discard if contaminated.

**STORAGE AND DISPOSAL**

General: Do not contain other materials including foodstuffs, beverages, or other substances. If product is accidentally exposed to any article, discard if contaminated. If product is accidentally exposed to any article, discard if contaminated.

**WARNING**

This product contains a chemical(s) known to the State of California to cause cancer.
