EPA Reg. No. 69687-1-37546  EPA Est. No. 73027-WI-01

**PRE-SATURATED WIPES**

Net Contents: 150

7 in x 8 in (17.8 cm x 20.3 cm)

Net Wt: 2 lbs 0.072 oz (909 g)

**FIRST AID:**
If in eyes: Hold eye open and instill slowly and gently with water for 15-20 minutes. Cover with a lid or other shield and call a poison control center or doctor for treatment advice.

**PRECAUTIONARY STATEMENTS:**
*Disables in humans and domestic animals*  
**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, eitherto or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barriers otherwise enter normally sterile areas of the body. This product may be used to sterilize or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

**STORAGE AND DISPOSAL**
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store these wipes in a tightly closed container/canister when not in use. Store canister in cool, dry, and well-ventilated area away from heat, open flame, direct sunlight and inaccessible to children.

Pesticide Disposal: Wash residue resulting from the use of this product must be disposed of on site or at an approved disposal facility.

Containers Handling and Disposal: Non-refillable rigid container/canister. Do not rest-use or refill container. Triple rinse (or equivalent), promptly after emptying. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HOSPITAL DISINFECTION:
1. Always use personal protective equipment.
2. Open Micro-Kill Bleach Germicidal Bleach Wipes canister.
3. Remove canister from case.
4. Apply one saturated wipe per floor to be disinfected.
5. A 10 second contact time is required to kill HIV and HCV. A 3 minute contact time is required to kill Clostridium difficile spores. A 5 minute contact time is required to kill HIV and other organisms listed on the label. Reapply as necessary to ensure the surface remains wet for the entire contact time.
6. Allow surface to air dry and discard used wipe and empty canister (see storage and disposal).

To open canister:
1. Remove lid from canister.
2. Remove seal from mouth of canister.
3. Lift flap on canister lid.
4. Pull up cover of center wipe and snap off, twist to a point and thread through dispenser hole in lid.
5. DO NOT PUSH FINGER THROUGH OPENING.
6. Replace lid. Pull out exposed wipe and snap off. The next wipe pops up automatically.
7. Snap center flap down when finished to retain moisture.
8. Do not flush wipe into toilet.

*KILLS HIV, HBV AND HCV ON PREGCLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS.

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV, HBV, AND HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

+ PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable gloves, gowns, masks and eye protection.
+ CLEANING PROCEDURES: Blood/body fluids must be thoroughly cleaned off surfaces/object before application of Micro-Kill Bleach Germicidal Bleach Wipes.
+ CONTACT TIME: Allow surface(s) to remain wet for 30 seconds to kill HIV and HBV, for 5 minutes to kill Clostridium difficile spores, and 10 minutes to kill HIV and the other organisms listed on the label.
+ DISPOSAL OF INFECTIOUS MATERIAL: Blood/body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.
