Biodegradable - Bactericide - Fungicide - Sanitizer - Disinfectant

Shield-Brite PAA 5.0
FOR COMMERCIAL USE ONLY

Hazardous to Humans and Domestic Animals - May cause respiratory irritation, eye irritation, and skin irritation. May be fatal if inhaled or ingested. Harmful if swallowed. Do not inhale vapors or spray mist. Do not get in eyes, on skin, or on clothing. Wear goggles, face shield, and rubber gloves when handling. Do not enter an enclosed area without proper respiratory protection. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL PROPERTIES

This product is highly toxic to bees and other beneficial insects exposed to direct contact. Wash any contact product or allow drift to blossom crops or weeds before bees are actively visiting the treatment area. Do not apply drift to blossoms where bees benefit from a part of integrated Pest Management strategies. This pesticide is toxic to fish. Before applying the spray, consult the State agency with primary responsibility for regulating pesticides before applying to public water bodies or areas if a permit is required. Do not apply this product to beaches or swamps. Do not apply to streams, ponds, or their vicinity. Do not allow treated water to enter surface waters.

PRECAUTIONARY STATEMENTS

Hazard to humans and domestic animals: May cause respiratory irritation, eye irritation, and skin irritation. May be fatal if inhaled or ingested. Harmful if swallowed. Do not inhale vapors or spray mist. Do not get in eyes, on skin, or on clothing. Wear goggles, face shield, and rubber gloves when handling. Do not enter an enclosed area without proper respiratory protection. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

**GENERAL DISINFECTION**
Shield-Brite PAA 5.0 disinfects for 90 seconds in one application. This product can be used to clean, disinfect and deodorize floors, walls and other hard, non-porous surfaces such as bathtubs, sinks, countertops, garbage disposals, bathroom fixtures, doors, beds, frames, appliances, radiators, coolers, glassed display case, and other items listed on the label made of inorganic, vinyl, painted aluminum, plastic phenol, stainless steel, or glass.

**SURFACE DISINFECTANT**
Use Shield-Brite PAA 5.0 as a disinfectant at a rate of 0.5 oz [15 mL] per gallon of water. Apply solution with mop, cloth, sponge, brush, squeegee, or coarse spray device by soaking as to wet surfaces thoroughly. Treated surfaces must remain wet for 10 minutes in order to achieve effective disinfection.

**DISINFECTION OF POTATO STORAGE AREAS AND EQUIPMENT**
1. Remove all potatoes prior to disinfection, potato storage areas and equipment. 
2. Prior to use of product, remove gross solid particles from surfaces to be treated like dirt, mud, straw, straw, hay, straw, corn and other debris. 
3. Apply the following: 0.5 oz of Shield-Brite PAA 5.0 per gallon of water with a mop, cloth, sponge, brush or coarse spray device by soaking as to wet surfaces thoroughly. 
4. Allow to remain wet with solution for 10 minutes. 
5. Rinse all treated surfaces thoroughly with potable water before operations are resumed.

**NOTICE TO BUYER:**
IMPORTANT: READ BEFORE USE
Read the entire Directions for Use. Conditions of Variations and Limitations of Liability may vary. Read the entire Directions for Use. Conditions of Variations and Limitations of Liability may vary.
