Principal Functioning Agents:
Silica Filled Polydimethylsiloxane ......................... 10.0%
Constituents ineffective as spray adjuvant .............. 90.0%
Total ................................................................. 100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR§180.910

CAUTION
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
WARNING: Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if inhaled. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. (Si usted no entiende la etiqueta, busque a alguien por que se la explique a usted en detalle. If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

If on Skin OR Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If on Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Call poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If an adverse reaction occurs after exposure, promptly start the recommended procedures above.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

USER SAFETY RECOMMENDATIONS: Applicators and other handlers must wear long-sleeved shirt and long pants, impermeable or chemical resistant gloves, protective eyewear, and shoes plus socks. Wash the outside of gloves before removing. Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

Follow manufacturer’s instructions for cleaning & maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

PRODUCT INFORMATION

BioLink® AntiFoam is a 10% active antifoam emulsion designed for effective use in agriculture. It can be applied with most surfactants in aqueous formulations, over a broad pH range. It is particularly effective with nonionic surfactants.

BioLink® AntiFoam is not for aquatic use.

DIRECTIONS FOR USE

BioLink® AntiFoam can be used as received, or after dilution with water or other suitable process liquid. For best results, the emulsion should be mixed before use.

Dilution can be accomplished by mixing 3 to 10 parts of the selected diluent to one part BioLink® AntiFoam with gentle stirring until a uniform mixture is obtained. Continued gentle mixing of the diluted antifoam is recommended to ensure product uniformity over extended storage times.

For best results, add BioLink® AntiFoam to the tank mix before adding the agricultural chemicals.

RECOMMENDATIONS: Suggested starting concentrations are 50 to 500 ppm of BioLink® AntiFoam.

NOTE: The effectiveness will depend upon composition of spray mixture, temperature, etc. Adjust BioLink® AntiFoam concentration as necessary to achieve desired foam control.

NOTICE OF WARRANTY - Westbridge warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Westbridge. In no case shall Westbridge be liable for consequential, special or indirect damages resulting from the use or handling of this product. Westbridge makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
