DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR SPOT TREATMENT: To Kill Spiders (including Black Widow Spiders), Carpet Beetles, Cockroaches, Palmetto Bugs, Asian Lady Bird Beetles, Crickets, Scorpions, Silverfish and Sowbugs:

Spray areas where these insects are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls, along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets; and around garage doors, plumbing, and other utility installations. Pests driven out of hiding places should be sprayed directly.

For use in areas such as:

- Apartments
- Atriums
- Attics
- Basements
- Bathrooms
- Bedrooms
- Bookcases
- Carpets
- Chests
- Closed Porches
- Closets
- Clothes Storage
- Dens
- Dog Houses
- Driver Houses
- Play Rooms
- Porches
- Room
- Sun Rooms
- Utility Rooms
- Verandas

Kills the following insects on contact:

- Asian Lady Bird Beetles
- Black Carpenter Ants
- Carpet Beetles
- Cockroaches (adults (nymphs))
- Crickets

For residual control of German cockroaches spray non-porous surfaces until coated along baseboards, under sinks, refrigerator, stove, dishwasher, or other places where cockroaches may hide.

CONTACT APPLICATION: Directly spray as many insects as possible. Where possible, bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, doors under furniture, on rooms and walls, around windowsills and baseboards, and wherever these insects are seen or suspected. Blocking of corners and edges should be allowed to dry before re-moving on box.

FOR FORAGING ANTS, SOUTHERN FIRE ANTS AND FORAGING CARPENTER ANTS: To Kill Foraging Ants, including Southern Fire Ants and Black Carpenter Ants spray insects directly and on ant trails.

Foraging Ants, Southern Fire Ants and Foraging Carpenter Ants to Kill Foraging Ants, including Southern Fire Ants and Black Carpenter Ants spray needs directly on and ant trails.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not contain water when disposing of unused, waste or rinse. See Directions for Use for additional precautions and requirements. Do not apply directly to water.

Physical or Chemical Hazards

- Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container.

Environmental Hazards

- Exposure to temperatures above 130°F may cause moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

First Aid

- If Swallowed: • Call a poison control center or doctor immediately for treatment advice. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.

- If on Skin or Clothing: • Take off contaminated clothing. • If in Eyes: • Hold eye open and rinse slowly and gently with water for 15–20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

See Back Panel for First-Aid and Additional Precautionary Statements.
