Sure Up™ is designed to enhance the performance and consistency of post emergent sulfonyl urea herbicides. Not for use with insecticides and fungicides. Not for aquatic use.

The concentration of Sure Up in the spray tank cannot exceed 25% of the total amount of formulated herbicide(s). Not for use with insecticides and fungicides. Not for aquatic use.

Sure Up™ is a surfactant of the recommended rate of herbicide. Sure Up™ adjuvant increases the solubility of sulfonyl urea herbicides and provides the surfactant functions of sticking, spreading and wetting prior to the addition of the herbicide. If not otherwise specified on the herbicide label, fill the tank half full add Sure Up™ at the recommended rate, add remainder of water and then the recommended rate of herbicide. Sure Up™ adjuvant increases the solubility of sulfonyl urea herbicides and provides the surfactant functions of sticking, spreading and wetting of the sprayed foliage. Sure Up™ is a surfactant and a water conditioner that increases the pH of the spray tank. Use Sure Up™ as you would use any 90% nonionic surfactant. Use rates of Sure Up™ surfactant should be 1 to 2 quarts per 100 gallons of spray solution. The concentration of Sure Up in the spray tank cannot exceed 25% of the total amount of formulated herbicide(s).

Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on label.

CONCENTRATED Sure Up™ Wash spillage off thoroughly. The same precautions should be observed in equipment stored after use.

DIRECTIONS FOR USE USE THIS PRODUCT ONLY AS SPECIFIED ON LABEL. Sure Up™ adjuvant should be added to the spray water with adequate agitation prior to the addition of the herbicide. If not otherwise specified on the herbicide label, fill the tank half full add Sure Up™ at the recommended rate, add remainder of water and then the recommended rate of herbicide. Sure Up™ adjuvant increases the solubility of sulfonyl urea herbicides and provides the surfactant functions of sticking, spreading and wetting of the sprayed foliage. Sure Up™ is a surfactant and a water conditioner that increases the pH of the spray tank. Use Sure Up™ as you would use any 90% nonionic surfactant. Use rates of Sure Up™ surfactant should be 1 to 2 quarts per 100 gallons of spray solution. The concentration of Sure Up in the spray tank cannot exceed 25% of the total amount of formulated herbicide(s). Not for use with insecticides and fungicides. Not for aquatic use.

HERBICIDES

Sure Up™ is designed to enhance the performance and consistency of post emergent sulfonyl urea herbicide such as Maverick, Olympus, Everest and Osprey.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Do not store at temperatures above 140°F.

DISPOSAL: Wash spills off thoroughly. The same precautions should be observed in equipment stored after use.

CONTAINER DISPOSAL: Do not reuse empty container. Wash spillage off thoroughly. The same precautions should be observed in equipment stored after use.

EQUIPMENT

IF IN EYES – Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN – Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED – Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor.

IF INHALED - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. Do not give anything by mouth to an unconscious person. (PELIGRO! AL USUARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.)

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on label.

Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on label.

DANGER keep out of reach of children

PRECAUTIONARY STATEMENTS

Corrosive. Causes irreversible eye damage and skin burns. Harmful if inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. PERSONAL PROTECTIVE EQUIPMENT (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, coveralls worn over long-sleeved shirt and long pants, and chemical-resistant footwear plus socks. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. IF IN EYES – Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN – Take off contaminated clothing.
