Ravap™ EC

Livestock, Poultry & Premise Insecticide Spray

RECOMMENDED FOR AGRICULTURAL/COMMERCIAL USE ONLY.
NOT FOR SALE FOR ANY OTHER USE.

NET CONTENTS:
1 Gallon (3.79 Liters)

Keep Out of Reach of Children

DANGER
See inside booklet for First Aid and other precautionary statements.

DANGER POISON PELIGRO
Fatal if swallowed. Harmful if absorbed through skin or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

Contains Rabon™ & Vapona® Insecticide

ACTIVE INGREDIENTS:
Tetrachlorvinphos (CAS# 22248-79-9) ........................................... 23.0%*
Dichlorvos (CAS# 62-73-7) .................................................... 5.3%
OTHER INGREDIENTS .............................................................. 71.7%**
Total ................................................................. 100.0%

* RABON Insecticide
** Contains Petroleum Distillates
This product contains the toxic inert ingredient phenol.

**FIRST AID**

| If inhaled:         | Move person to fresh air. |
|                    | If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. |
|                    | Call a poison control center or doctor for further treatment advice. |

| If on skin or clothing: | Take off contaminated clothing. |
|                        | Rinse skin immediately with plenty of water for 15 – 20 minutes. |
|                        | Call a poison control center or doctor for treatment advice. |

| If in eyes: | Hold eye open and rinse slowly and gently with water for 15-20 minutes. |
|            | Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. |
|            | Call a poison control center or doctor for treatment advice. |

| If swallowed: | Call a poison control center or doctor immediately for treatment advice. |
|              | Do not give any liquid to this person. |
|              | Do not induce vomiting unless told to do so by a poison control center or doctor. |
|              | Do not give anything by mouth to an unconscious person. |

**HOTLINE NUMBER**
Contains an organophosphate that inhibits cholinesterase.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-422-9874 or CHEMTREC at 1-800-424-9300, 24 hours per day, 7 days per week.

**NOTE TO PHYSICIAN**

This product is a cholinesterase inhibitor. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine. Contains petroleum distillates. Product may cause aspiration pneumonia. Probable mucosal damage may contraindicate the use of gastric lavage.

**FOR CHEMICAL EMERGENCY**. Spill, leak, fire, exposure, or accident call CHEMTREC 1-800-424-9300.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER - POISON:** Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin. Do not get in eyes (including animals), on skin, or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using toilet. Remove contaminated clothing and wash clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT**

Applicators and other handlers must wear:
- Wear protective eyewear (goggles, face shield, or safety glasses).
- Wear coveralls over long sleeved shirt and long pants, socks, chemical resistant footwear, and chemical resistant gloves (Barrier laminate or Viton, selection category G).
- When mixing, loading, or cleaning equipment wear a chemical resistant apron.

**USER SAFETY REQUIREMENTS**

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.
**USER SAFETY RECOMMENDATIONS**

- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

**ENVIRONMENTAL HAZARDS**

- This product is toxic to fish, birds, and other wildlife. Drift and runoff may be hazardous to aquatic organisms in adjacent areas. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or when disposing of equipment wash waters or rinsate.

**PHYSICAL AND CHEMICAL HAZARDS**

- Combustible. Do not use, pour, spill or store near heat or open flame. Do not use with thermal foggers or heat-generating devices.

**DIRECTIONS FOR USE – Read the entire label prior to use.**

**RESTRICTED USE PESTICIDE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For Agricultural/Commercial Use Only. This product is suitable for use in conventional power or low pressure knapsack sprayers and livestock backrubbers. Follow the Use Directions for the proper dilution needed for specific insect control.

**Use Restrictions**

- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not enter or allow others to enter the treated areas until sprays have dried. Must be diluted with water except for backrubber use.

**Livestock Use Directions:** Do not make direct application to livestock more frequently than once per day.

<thead>
<tr>
<th>Use</th>
<th>Insect</th>
<th>Dilution: Ravap in Water</th>
<th>Remarks</th>
</tr>
</thead>
<tbody>
<tr>
<td>Livestock Spray (Beef Cattle)</td>
<td>Horn Flies, Lice, including Talc Lice, and aids in control of Face Flies</td>
<td>1 gal. in 75 gal. or 5 oz. in 3 gal.</td>
<td>Dilute in water as indicated and spray directly on the animal only to the point of runnoff. Use between 1/2 to 1 gallon of diluted spray solution per animal depending on size and hair coat. Do not treat more often than every 10 days. Do not apply to calves under six months of age. Brahman and Brahman-cross cattle should not be treated as they may show hypersensitivity to organophosphate pesticides. Do not apply in combination with other dermal organophosphate pesticides (e.g. trichlorfon). There is no withholding period from last application to slaughter.</td>
</tr>
<tr>
<td></td>
<td>Horn Flies, Lone Star Ticks</td>
<td>1 gal. in 200 gal. or 2 oz. in 3 gal.</td>
<td>Apply as above. For severe tick infestations, dilution may be increased to 1 gallon in 50 gallons water.</td>
</tr>
</tbody>
</table>

**Livestock Spray (Lactating Dairy Cattle)**

<table>

<tbody>
<tr>
<td></td>
<td>Horn Flies, Lice, Lone Star Ticks, and aids in control of Face Flies</td>
<td>1 gal. in 200 gal. or 2 oz. in 3 gal.</td>
<td>Dilute in water as indicated. Direct spray to cover thoroughly with up to 1/2 gallon of the dilution per animal. Repeat as necessary. Do not apply to calves under six months of age. No milk discard is required. Care should be taken that the spray does not come in direct contact with the lactating dairy cow's teats unless they are washed with an approved cleansing solution and dried before milking. Apply the spray at least 20 minutes prior to milking or after milking has been completed.</td>
</tr>
</tbody>

<thead>
<tr>
<th>Use</th>
<th>Insect</th>
<th>Dilution: Ravap In Water</th>
<th>Remarks</th>
</tr>
</thead>
<tbody>
<tr>
<td>Caged Chickens</td>
<td>Lice &amp; Mites</td>
<td>1 gal. in 50 gal. or 5 oz. in 2 gal.</td>
<td>Apply 1 gallon of dilution/100 birds under high pressure (no less than 100-125 psi) to the vent and fluff areas from below. Repeat when necessary; however, not more often than every 14 days. For individual bird treatment, apply 1 ounce of dilution per bird.</td>
</tr>
<tr>
<td>Chickens On Litter</td>
<td>Lice &amp; Mites</td>
<td>1 gal. in 50 gal. or 5 oz. in 2 gal.</td>
<td>Apply 1-2 gallons of dilution/1000 sq. ft. evenly with penetration of litter surface. Also apply thoroughly to walls, roosts, cracks and crevices. Spray birds as above. Treat roosters carefully to avoid reinfection of breeding flocks.</td>
</tr>
<tr>
<td>Roost Paint</td>
<td>Lice &amp; Mites</td>
<td>1 gal. in 25 gal. or 5 oz. in 1 gal.</td>
<td>Apply 1 pint of dilution/100 ft. of roost area with brush or spray.</td>
</tr>
<tr>
<td>Poultry Buildings</td>
<td>Fowl Tick (Blue Bug)</td>
<td>1 gal. in 25 gal. or 5 oz. in 1 gal.</td>
<td>Apply 1 gallon of dilution/100-150 sq. ft. to thoroughly cover walls, ceilings, floors, cracks and crevices using high pressure spray.</td>
</tr>
</tbody>
</table>

### Premise use Directions for Poultry & Livestock Facilities

<table>
<thead>
<tr>
<th>Use</th>
<th>Insect</th>
<th>Dilution: Ravap In Water</th>
<th>Remarks</th>
</tr>
</thead>
<tbody>
<tr>
<td>Residual Surface Spray</td>
<td>Flies, Gnats, Litter Beetles, Mosquitoes, Spiders, Wasps</td>
<td>1 gal. in 25 gal. or 5 oz. in 1 gal.</td>
<td>Apply 1 gallon of dilution/500-1000 sq. ft. Thoroughly cover walls, ceilings or other areas where pests rest or congregate in dairy barns, horse barns, poultry houses, swine buildings, livestock sheds, and other farm buildings. Extreme infestations may necessitate increasing the diluted spray to one gallon per 12-1/2 gallons or 10 ounces per 1 gallon of water.</td>
</tr>
<tr>
<td>Larvicide</td>
<td>Maggots (fly larvae)</td>
<td>1 gal. in 25 gal. or 5 oz. in 1 gal.</td>
<td>Apply 1 gallon of dilution/100 sq. ft. of droppings as a coarse spray. Repeat at 7-10 day intervals until droppings begin to cone up, then treat only &quot;hot spots&quot; (small areas found to have large number of maggots). Do not spray manure where runoff to soil or water can occur. Do not spray animals directly with this concentration.</td>
</tr>
</tbody>
</table>

### Kennel Use Directions

<th>Remarks</th>
</tr>
</thead>
<tbody>
<tr>
<td>Residual Surface Spray</td>
<td>Ticks, Fleas</td>
<td>1 gal. in 50 gal. or 5 oz. in 2 gal.</td>
<td>Apply 1 gallon of dilution/500-1000 sq. ft. Thoroughly treat infested kennel and outside runways.</td>
</tr>
</tbody>
</table>

### STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store product in its original container in a cool, dry place in an area that is inaccessible to children and animals.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available, for reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
RESTRICTED USE PESTICIDE:
Due to primary eye and primary dermal toxicity. For retail sale to and use only by Certified Applicators or persons under their direct supervision, and only for those uses covered by the Certified Applicator's Certification.

KEEP OUT OF REACH OF CHILDREN

DANGER ☠️ POISON

PELIGRO

Fatal if swallowed. Harmful if absorbed through skin or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.
See booklet for other precautionary statements and Directions for Use.

**STORAGE AND DISPOSAL**

DO NOT contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Store product in its original container in a cool, dry place in an area that is inaccessible to children and animals.
PESTICIDE DISPOSAL: Pesticide wastes are acutely toxic. Improper disposal is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL: Nonrefillable container. Do not wash or refill this container. Triple rinse container or equipment after each use and, if possible, store rinsate for 5 days before discharging in sewer. Do not contaminate water, food, or feed by storage or disposal.

**FIRST AID**

If Inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 - 20 minutes.
- Call a poison control center or doctor for treatment advice.

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Do not give any liquid to the person.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**HOTLINE NUMBER**

Contains an organophosphate that inhibits cholinesterase.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical aid, or pesticide incidents), you may call 1-800-422-9347 or CHEMTREC at 1-800-424-9300, 24 hours per day, 7 days per week.

**NOTE TO PHYSICIAN**

This product is a cholinesterase inhibitor. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.
Contains petroleum distillates. Product may cause aspiration pneumonia. Probable mucosal damage may contraindicate the use of gastric lavage.
