DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not expose to extreme temperatures. If applicable, do not store more than four drums high. Contaminated equipment should be disposed of in well-structured areas.

PESTICIDE DISPOSAL: Pesticide wastes are hazardous materials. Improper disposal of excess pesticide, spray mixture, or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse in the following: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container, 1/4 full with water and recap. Shake for 10 seconds. Pour into a mix tank or mixing equipment for the next use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or reconditioning. If appropriate, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities by burning.

If burned, stay out of smoke.

**FIRST AID**

If in Eyes: Hold open eyelids and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on Skin: Take off contaminated clothing.

If Swallowed: Have person sip a glass of water, if able to swallow.

If Inhaled: If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

If Poisoned: Call Poison Control Center or doctor for further treatment advice.

**NOTICE**

Hazardous materials may contain ingredients that do not indicate the use of gasoline.

**Procautionary Statements**

**Hazard Class:** HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**Physical and Chemical Properties:**
Do not use or store near heat or open flame.

**Stability and Reactivity:**
Do not store near heat or open flame.

**Health Hazards:**
Do not inhale vapor or spray mist. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water.

**Environmental Hazards:**
This product is not hazardous to fish and aquatic organisms. Do not use in or near estuaries or estuarine disturbances. Do not apply to water or areas where water surface is present or to intertidal areas below the mean high water mark. Do not discharge effluent containing this product into lakes, streams, ponds, oceans, or other water bodies unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

**Storage and Disposal:**
Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:**
Do not expose to extremes of temperatures. If accidentally frozen, do not return to normal temperature before use. Do not allow to freeze. Pack for storage should be placed in overpack drums for disposal. Spills should be removed to waste water systems or, where permitted, to sanitary landfills. Keep container closed when not in use.

**Pesticide Disposal:**
Pesticide wastes are acutely hazardous, Improper disposal of used pesticide empty containers, mixtures, or residues is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

**Container Disposal:**
Refillable container. Do not reuse container with pest control product. Do not recondition or remanufacture. If you have created a product that is hazardous waste, follow all applicable regulations.

To clean the container before refilling or disposal, use a pressure washer to remove residue. Repeat the cleaning process until the container is clean. Disposal of the container must be made in accordance with the regulations of the Environmental Protection Agency or other applicable authority.
