ADAMS™ Flea & Tick Home Spray contains a unique combination of ingredients that kills pre-adult fleas and other listed insects. ADAMS™ Flea & Tick Home Spray is designed for use on all fabrics and surfaces, as well as on pets. This product is intended for indoor use only.

**Active Ingredients:**
- Etofenprox: 0.50%
- (S)-Methoprene: 0.01%

**Other Ingredients:**
- Piperonyl Butoxide: 2.00%
- Other: 97.49%

**TOTAL:**
- 100.00%

**Use Restrictions:**
- Do not apply in aircraft cabins.
- Do not apply to edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.
- Do not use in aircraft cabins.
- Do not apply in aircraft cabins.

**Directions for Use:**
1. Spray as a surface application to carpeting, drapes, and flooring at the rate of 1/4 fl oz / 3.6 ft².
2. Focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.
3. Apply as a surface application to carpeting, drapes, and flooring at the rate of 1/4 fl oz / 3.6 ft².
4. Focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.
5. To kill bed bugs, sprinkle 5 oz of product per bed per day for 1 week. Then apply an additional 3 oz of product per bed per day for 2 days to prevent thorough inspection or treatment.
6. For more information about ADAMS™ products or in case of emergency, call 800-234-2269 or visit our website: adamspetcare.com

**WARNING:**
- Do not apply directly to water, food, or feed areas. Do not apply to any area where children or pets may come into contact with the treated area.

**Pesticide Disposal and Container Handling:**
- Do not contaminate water, food, or feed by storage or disposal.
- Protect from freezing or high temperatures.

**USER SAFETY RECOMMENDATIONS:**
- Wear long-sleeved shirt and long pants, socks, and shoes. Wash thoroughly with soap and water immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Do not apply when children or pets are in the area. Vacate treated areas and do not return for at least one hour. Reapply every 2 weeks if necessary.
