**FEATURES, CLAIMS, AND USES**

This product is an effective Bactericide and Fungicide on hard nonporous surfaces when used as a disinfectant. This product has demonstrated effectiveness on proximated hard nonporous surfaces against the following microorganisms:

- **BACTERICIDAL** - Kills Escherichia coli, Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, and Staphylococcus epidermidis (including MRSA).

- **FUNGICIDAL** - Kills Trichophyton mentagrophytes (athlete's foot) fungi, formerly known as T. interdigitale, in bathrooms, shower areas, and locker rooms.

**CENTRALLY MOLDED** - Completely contains the growth of Aspergillus fumigatus and Penicillium varieties fungi on tiles.

**SANITIZED NON-FOOD CONTACT SURFACES** - Contours Staphylococcus aureus and Staphylococcus pneumoniae on fabric and leather. Effective in the presence of 5% organic soil. For use on checks, athletic mats, athletic shoes, after athletic equipment, and on similar items with porous fabric and leather surfaces. Cures vision against odor-causing organisms on most porous surfaces after a 5-minute contact time.

**PHYSICAL CHEMICAL HAZARDS**

Flammable. Contents under pressure. Keep away from heat, sparks, pilot lights, and flame. Do not purchase or incinerate container. Exposure to temperatures above 139°F (59°C) may cause bursting.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING**: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Do not get in eyes or on skin or clothing. Wear long-sleeved shirt and long pants, protective eyewear (safety glasses), gloves, and socks. Chemical-resistant gloves should be worn as an aid to cleaning work. Wash hands thoroughly with soap and water before eating, drinking, chewing gum, smoking tobacco or using the toilet. Remove contaminated clothing and wash clothing.

**FIRST AID**

If in eyes: Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If in skin or on clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. Call a Poison Control Center or doctor for treatment advice.
