PRECAUTIONARY STATEMENTS 
HAZARDS TO HUMANS AND DOMESTIC ANIMALS 
WARNING 
Causes skin irritation. Do not get on skin or on clothing. Avoid contact with eyes. Wear protective clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking or using the toilet. 

Personal Protective Equipment (PPE): 
Applicators and other handlers must wear: 
- Coveralls over long sleeved shirt and long pants 
- Shoes plus socks 
- Chemical resistant gloves 
- For Cleaning Equipment: Chemical resistant apron. 

User Safety Requirements: 
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. 

User Safety Recommendations: 
- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. 
- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and change into clean clothing. 
- Users should remove personal protective equipment immediately after handling this product. Wash outside of clothes before removing. 

FIRST AID 

IF SWALLOWED: 
- Call a poison control center or doctor immediately for treatment advice. 
- Do not induce vomiting unless told to by a poison control center or doctor. 
- Do not give anything to an unconscious person. 

IF IN EYES: 
- Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. 
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. 
- Call a poison control center or doctor for further treatment advice. 

IF ON SKIN OR CLOTHING: 
- Take off contaminated clothing. 
- Rinse skin immediately with plenty of water for 15 - 20 minutes. 
- Call a Poison Control Center or doctor for further treatment advice. 

In case of emergency, call Chemtrec toll free at 800-424-6300. Have the product container or label with you when calling a poison control center or doctor or attending hospital emergency room. 

NOTE TO PHYSICIAN: This product contains petroleum distillates. Vomiting may cause aspiration pneumonitis. 

ENVIRONMENTAL HAZARDS 
This product is toxic to fish and shrimp. DO NOT discharge effluent containing this product into waterways, ponds, streams, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. DO NOT discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. 

STORAGE AND DISPOSAL 
Do not contaminate water, food or feed by storage or disposal. 
Pesticide Storage: Store in a secure, well-ventilated area protected from extreme temperatures. Do not transfer to unmarked containers. Keep container closed when not in use. 
Pesticide Disposal: Wastage resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. 

CONTAINER HANDLING: Non-returnable container. Do not re-use or refill this container. 
If empty, place in trash or recycling bin for disposal. 

DIRECTIONS FOR USE

ONE GATE IS SUFFICIENT; SURFACE must be clean and free of all loose debris. 
Apply to dry wood for maximum adhesion and fastest drying. Wood must be dry before application (less then 18% moisture). 

NOTE: 
- The wood surface must be clean before application. See the Preparation and Maintenance Guide for cleaning directions. 
- Stir or shake well before use. 
- WOODGUARD XL goes on "dark" but lightens considerably during the curing period. 
- Cure time will range from 4 days to 2 weeks, depending on temperature and wood porosity. 
- Coverage: 150 to 500 sq. ft. per gallon, depending on surface condition and wood porosity. 
- Avoid open flame during application and until WOODGUARD XL has soaked completely. 

TINTING INSTRUCTIONS
WOODGUARD XL is compatible with and may be colored with the use of the Universal Machine Colorants employed to color oil or water based paints. It is important to note that different colors coat weather differently, and that color development varies with wood species, wood growth ring structure and general condition. 
Consult your dealer for assistance in tinting WOODGUARD XL. WOODGUARD XL is a transparent preservative oil finish that can be tinted to a light stain; do not attempt to obtain a heavy or solid color stain by overloading with pigment. 

WARRANTY AND LIMITATION OF DAMAGES
Seller warrants to those persons lawfully acquiring title to this product that at the time of the first sale of this product by seller to the ultimate user of this product, this product shall be free from defects in material and workmanship. This warranty shall be void if the product has been subject to unreasonable use, abuse, neglect, or accident. 
In no event shall the liability of seller exceed the price paid by the buyer for such product and in no event shall the liability be greater than the purchase price of the product as to which a claim is made.
