**USER SAFETY RECOMMENDATIONS**

**ENVIRONMENTAL HAZARD**

This chemical is toxic to terrestrial and aquatic animals, and is not recommended for disposal to storm drains, estuaries, estuaries, aquifers, or other water systems or areas. All use of this material shall be in accordance with the regulations of the National Pollution Discharge Elimination System (NPDES) permits and the permitting authority has been notified in writing prior to discharge. Do not discharge contents of containers into any public drainage system. It is recommended that the product be handled and disposed of in accordance with the regulations of the National Pollution Discharge Elimination System (NPDES) permits. Contact your local hazardous waste disposal service for further information. For guidance, contact your local waste disposal authority or the EPA.

---

**FIRST AID**

- Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going to a hospital.
- For contact with skin or clothing: Wash thoroughly and change clothing.
- For contact with eyes: Rinse eyes immediately with plenty of water for 15 minutes. If irritation occurs, consult a doctor.
- For ingestion: Do not induce vomiting. If swallowed, call a poison control center or doctor immediately. Cautiously wash away if on clothing or skin. Do not give anything by mouth to an unconscious person.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

- Goggles or face shield
- Gloves

**STORAGE AND DISPOSAL**

- Store in a cool, dry, well-ventilated area.
- Do not store where spontaneous combustion may occur.
- Disposal must comply with local regulations.
