**READY-SET-GO!** is designed specifically as a rinse-free cleaner, disinfectant, and deodorizer for use on critical or semi-critical medical device surfaces. Using approved AOAC test methods, in the presence of 5% blood serum and a 3-minute contact time, unless otherwise noted, READY-SET-GO kills the following organisms on hard, non-porous inanimate surfaces:

**Bactericidal Activity (Bacteria):**
- Pseudomonas aeruginosa (ATCC 15442)
- Staphylococcus aureus (ATCC 8051)
- Salmonella enteritidis (ATCC 14028)
- Escherichia coli (ATCC 35218)
- Corynebacterium ammoniagenes (ATCC 6877)
- Salmonella typhimurium (ATCC 14028)
- Streptococcus pneumoniae (Recurrent Facultative Group A)
- *V. A. Medical Center Isolate 04030*
- *Minnesota meningitidis* (ATCC 55152)
- Enterococcus faecalis (ATCC 50069)

**Antibiotic-Resistant Bacterial Activity:**
- Methicillin-resistant Staphylococcus aureus (MRSA) (ATCC 35929)
- Vancomycin-intermediate resistant Staphylococcus aureus (VISA) (ATCC 93409)
- Vancomycin-resistant Enterococcus faecalis (VRE) (ATCC 10031)
- Community-associated Methicillin-resistant Staphylococcus aureus (CA-MRSA) (ATCC 43300)

**Tuberculocidal Activity—READY-SET-GO!**

- *Bacillus Anthracis* (ATCC 29215) (Airborne)
- *Mycobacterium Tuberculosis* (ATCC 14468) (Environmental)
- *Mycobacterium Bovis* (ATCC 45120) (Environmental)

**Virucidal Activity:**
- *SARS-Cov-2* (ATCC VR-4219)
- *Coronavirus (University of Washington isolate)*
- *HIV-1* (ATCC VR-1008)
- *HIV-2* (HIV-2Rc24)
- *Hepatitis B Virus* (HBV) (ATCC VR-1210)
- *Hepatitis C Virus* (HCV) (ATCC VR-1211)
- *Total* (ATCC VR-1212)

**Fungicidal Activity (against pathogenic fungi):**
- *Trichophyton mentagrophytes* (ATCC 9533)
- *Candida albicans* (ATCC 10261) (5% Blood Serum)

**Special Instructions for Cleaning and Use:***

**Personal Protection:** When handling this product, use personal protection such as gloves and eye protection.

**Disposal of Infectious Materials:**
- Disinfectant and deodorant solutions will not control other common types of viruses and bacteria.
- Disposal of Infectious Materials: Blood and other body fluids must be disinfected in accordance with local regulations for infectious waste disposal.

**PRODUCT INFORMATION:**

- **Kills HIV-1, HBV, and HCV:** On pre-cleaned environmental surfaces, objects previously soiled with blood/body fluids is health care settings (hospitals and nursing homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces by body fluids and in which the surfaces are likely to be soiled by blood or body fluids can be associated with the potential for transmissions of Human Immunodeficiency Virus (HIV-1; HIV-2) (associated with AIDS), Hepatitis B Virus (HBV), and Hepatitis C Virus (HCV).
- **Special Instructions for Cleaning and Disinfection:** Against HIV-1, HBV, and HCV on surfaces and objects previously soiled with blood/body fluids.

**Storage and Disposal:**
- **Do not handle wet towels.** Wrap wet towels and discard in trash. Do not reuse empty refill bottles. Store in a dry place out of reach of children.

**Keep Out of Reach of Children:**
- **Caution:** Keep out of reach of children. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

**First Aid:**
- **For skin or eye contact:** Rinse thoroughly with water for 15 minutes. If irritation persists, consult a physician. For chemical burns, consult a specialist immediately.

**Precautionary Statements:**
- **Hazards to Humans and Domestic Animals:**
- **Caution:** Keep out of reach of children. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

**Environmental Considerations:**
- **Do not contaminate water, food, or feed by storage or disposal.**

**Pesticide Storage:**
- **Store in a dry area in less than 10°F or more than 100°F.**

**Pesticide Disposal:**
- **Pesticide wastes are acutely hazardous.** Improper disposal of pesticides, unblanketed types, or inert ingredients is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Natural Resources Representative at the nearest EPA or Regional Office for guidance.

**Container Disposal:**
- **Do not reuse empty refill bottles.** Wrap wet bottles and discard in trash. Reuse for recycling or reconditioning, if available.

**Precautionary Statements:**
