DIRECTIONS FOR USE
It is a violation of Federal law to use this product as a treatment to control pests inconsistent with its labeling.

CLEANING AND DEODORIZING:
Wipe surface with low residue until clean. Let drying.

TO SANITIZE NONFOOD CONTACT SURFACES:
Using wipe to remove debris and dirt. Apply clean wipe and thoroughly wet surface. Treated surface must remain visibly wet for a full fifteen (15) seconds. Use additional wipes if needed to assure continuous 15 second wet contact time. Let drying.

TO DISINFECT:
Use a wipe to remove debris and dirt. Using clean wipe and thoroughly wet surface. Treated surface must remain visibly wet for a full three (3) minutes. Use additional wipes if needed to assure continuous 3 minute wet contact time. A thorough wash with palatable water is required for surfaces in direct contact with food.

TO DISPENSE:
Open package 90°. Completely remove inner seal. Pull out wipe at an angle. The extra wipe pops up automatically. Store in closed container to retain moisture.

Tencel® is a registered trademark of Sanyo USA.

PRECAUTIONARY STATEMENTS:
Hazards to humans and domestic animals.

CAUTION:
Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash hands before eating, drinking, chewing gum, or using tobacco or taking toilet.

Do not use on natural marble, windows, uncoated wood, brass, clear plastic or colored glass.

FIRST AID IF IN EYES:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Keep under running water for 15 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.
