Ortho Bug-Geta® Snail & Slug Killer, kills a wide variety of slugs and snails. For use around vegetables, fruit trees, citrus, berries, ornamentals, shrubs, flowers, trees, lawns, gardens and in greenhouses.

Ortho Bug-Geta® Snail & Slug Killer is a unique blend of the active ingredient, saltar, which has been used in many cultures for millennia to control slugs and snails. Saltar is a lanthamide element found in nature and used in many terrileries. The bug is toxic to slugs and snails and turns them into their hiding places. Ingestion of the bug will cause them to cease feeding. After the bug has been eaten, the slugs and snails will die, becoming toxic in up to 24 hours. For best results, use around vegetables, fruit trees, citrus, berries, ornamentals, shrubs, flowers, trees, lawns, gardens and in greenhouses.

PRECAUTIONARY STATEMENTS:

Hazard to humans and domestic animals.
