**DRIFT REDUCTION AGENT, DEPOSITION AID and HIGH SURFACTANT OIL CONCENTRATE**

**PRINCIPAL FUNCTIONING AGENTS**
Phytolab oil, tall oil fatty acids, N,N-Bis-2-(omega-Hydroxy(polyoxyethylene/polyoxypropylene) ethyl alkylamine. **Unsulfonated Oil Residue (UR) Value is a minimum of 95%**

**TOTAL** ................................. 100%
Surfactant content is 35.3%

**USE RATES**
0.25–0.5 v/v (2–4 pints) of Volare DC per 100 gallons of spray solution.

**DIRECTIONS FOR USE**

**FIRST AID**
- **If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
- **If In Eyes:** Hold eyes open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
- **If On Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center for doctor treatment advice.
- **If Inhaled:** Move person to fresh air. If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**STORAGE AND DISPOSAL**
This product does not require heated storage. Keep containers sealed when not in use. Store in original container only. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

**CONDITIONS OF SALE**
Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision’s control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.

**GENERAL INFORMATION**
Volare DC is unique adjuvant technology specifically developed to deliver improved drift control, deposition and coverage when applied through aerial application equipment. Volare DC optimizes droplet size and deposition by resisting wind-stream shear that is detrimental to ordinary drift retardants.

**SPECIMEN LABEL**
Volare DC is a trademark of Precision Laboratories, LLC
