CONVERT™
COMPATIBILITY AGENT AND SPREADER

PRINCIPAL FUNCTIONING AGENTS
Alcohol ethoxylate polyglycolate ester, 2-butanol (rubber) .......................... 60%
Constituents Inactive As Spray Adjuvant .................................................. 20%
TOTAL ........................................................................................................... 100%
All ingredients are approved for use under 40 CFR 180.

WA Reg. No. 934-13007

KEEPS OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS
Causes skin irritation and serious eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wash protective equipment and work clothes thoroughly after handling. Wear protective gloves and eye protection. Specific treatment is given in the First Aid section on this label or on the SDS. Take off contaminated clothing and wash it before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Applicants or other handlers of this product should wear: protective eyewear, long-sleeved shirt, long pants, socks, shoes and barrier laminate, neoprene rubber, nitrile rubber or Viton® gloves. When mixing and loading wear a chemical-resistant apron. Consult the SDS for further information.

FIRST AID

If Swallowed: Call a POISON CENTER/Doctor or Chemtrec if person feels unwell. Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any fluids to an unconscious person. Do not give sodium bicarbonate, vinegar, or fruit juices.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists; Get medical advice or attention.

If In Skin: Wash with plenty of water. Treat symptomatically. If skin irritation occurs; Get medical advice or attention. Take off contaminated clothing and wash it before reuse.

If Inhaled: Call a POISON CENTER/Doctor or Chemtrec if person feels unwell.

Note to Physician: Probable mucous damage may contraindicate the use of gastric lavage. GENERAL INFORMATION
CONVERT is a concentrated compatibility agent formulated to eliminate incompatibility problems associated with tank mixing a wide range of crop protection products in water, suspension fertilizers, LIAN or AFS solutions. CONVERT can also demonstrate functionality as a spreader and buffering agent depending on the use rate.

DIRECTIONS FOR USE
CONVERT can be used to either prevent or correct most incompatible tank mixes.

SHAKE WELL BEFORE USING.
NOT FOR AQUATIC USE. FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, TURF AND OTHER APPROPRIATE USES.

The concentration of CONVERT in the spray tank cannot exceed 30% of the total amount of formulated pesticide(s).

USE RATES
Use 1–4 parts of CONVERT per 100 gallons of spray solution to prevent antagonistic tank mixing conditions.

MIXING INSTRUCTIONS
In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing a mixing vessel or inducor, fill with at least 50% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order: 1. Compatibility agent and/or antifoam, if needed
2. AME, dry formulations (WP, DE, WDG, SP), and dry drift retardants
3. Dry soluble and suspension fertilizers/micronutrients
4. Liquid drift retardants and flowable formulations (F & FL)
5. Liquid concentrates, suspension and microencapsulated (LC, SC, ME)
6. Emulsifiable concentrates (E, EL or EC)
7. Solutions and soluble liquids (S or SL)
8. Liquid micronutrients and fertilizers
9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
10. Finish filling to desired spray volume level and continue agitation.

STORAGE AND DISPOSAL
Preserve product from freezing. If product freezes, warm to room temperature and agitate before use. Keep containers sealed when not in use. Store in original container only. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

CONDITIONS OF SALE
Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is stated that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risk of use and handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. If unopened and stored in sealed original container, this product will remain effective the date indicated on the label for use in the manner specified. shelf-life is subject to the following conditions: Storage, temperature of the contents, and the condition of the equipment used. The manufacturer shall not be liable in any event for any direct, indirect, consequential or incidental damages in connection with the use of this product or arising out of the purchase, use, or misuse of this product.
