QUANTUM BIOCHEMICAL

Any other product exposure to heat can cause this product to rapidly decompose, leading to intense fire, explosion, and the release of toxic gases.
• Store in a cool, dry, well-ventilated area. Strong oxidizing agent. This product can increase fire intensity. Keep away from heat and from flame and burning material (like a lighted cigarette).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:
Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reseal or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.

EMERGENCY HANDLING: In case of contamination or decomposition — Do not resell container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

WARNING:
QUANTUM Q-BLAST

Quick dissolving
Calcium Hypochlorite Shock for Pools

ACTIVE INGREDIENT:
CALCIUM HYPOCHLORITE
OTHER INGREDIENTS:
TOTAL:
MINIMUM AVAILABLE CHLORINE

KEEP OUT OF REACH OF CHILDREN

Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Highly Corrosive. Causes skin and eye damage. May be fatal if swallowed. See back panel for additional precautionary statements.

IN CASE OF EMERGENCY CALL: 1-800-564-9811

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WATER BALANCE: For best product performance, swimmer comfort, and crystal clear water: Maintain pH in the range of 7.2 to 7.6. Maintain total alkalinity in the range of 60 to 120 parts per million (ppm). Maintain calcium hardness above 200 ppm. Use a reliable test kit that measures all these ranges. Use Quantum Biochemical® Pool Care Products to make adjustments. Follow label directions for each product.

Quantum® Q-Blast is a concentrated dry chlorine agent which helps restore sparkling, clear pool water by reducing organic wastes from such contaminants as hair, skin, cosmetics, urine, perspiration, and mucous discharge. Use only as directed. Use entire contents when opened.

1. Use Quantum® Q-Blast at the rate of 1 pound per 10,000 gallons of swimming pool water. Add total required amount at one time. Scatter this granular product directly over the pool water surface. Use Quantum® G-Blast only when pool is not in use. It will produce a temporary high chloride level. Re-entry into treated pools is prohibited above levels of 4 ppm due to risk of bodily harm.

2. Between applications of Quantum® Q-Blast, maintain required 1.0 - 1.5 ppm chlorine residual in pool water. Never mix this product with any other chemicals. Do not use in feeder. Do not add to skimmer. Always mix only in pool water by scattering product over pool surface.

WINTERIZING: While water is still clear & clean, apply 0.9 oz. of this product per 1000 gallons, while filter pump is running, to obtain a 4 ppm available chlorine residual, as determined by a suitable test kit. Cover pool, prepare heater, filter and heater components for winter by following manufacturers’ instructions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed. Irritating to nose and throat. Do not get in eyes, on skin or clothing. Do not handle with bare hands. Wear safety goggles or face shield, and rubber gloves when handling this product. For additional skin protection, wear long sleeves and long pants. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Open in a well ventilated area. Do not breathe dust or fumes. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Do not allow to become wet or damp before use.

• Can react with other materials, including other water treatment products, to cause intense fire, explosion, and the release of toxic gases.

• Keep all foreign matter, including other water treatment products, away from this product.

• Use only clean dry equipment to dispense this product.

• Do not use this product in a container or dispensing device that has been used with
