**Principal Functioning Agents:**
Methyl esters of fatty acids, petroleum hydrocarbons and alkylphenol ethoxylate...100.0%

Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia. Ingredients are exempt from tolerance under 40 CFR 180.

**CAUTION**
Harmful if swallowed or inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**Personal Protective Equipment:** Wear chemical resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

**FIRST AID**
Call a poison control center or doctor immediately for treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

If on Skin or Clothing: Take off contaminated clothing.

SN: XXX-XXXXX

**NET CONTENTS:**
Rinse skin immediately with plenty of water for 15-20 minutes.

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

**GENERAL INFORMATION**
**SUNSET** is a multi-component spray adjuvant developed to maximize the performance of most post-emergent herbicides. This product may be used as a replacement for non-ionic surfactants and crop oil (petroleum oils) in most post-emergence herbicide spray mixes.

Methylated seed oils have been tested by universities, and research indicates methylated seed oil improves the performance consistency of post-emergence herbicides such as imidazolinone, phenoxy, and sulfonylurea herbicides.

**SUNSET** may be used for applications such as agricultural crops, forestry, industrial, right-of-way, pasture, rangeland, turf and other sites recommending the use of an oil adjuvant.

**DIRECTIONS FOR USE**
Not For Aquatic Use
Use this product at 3/4 pint to 6 quarts per acre with the herbicide of choice. Always read and follow the label of the herbicide to be used with this product. Higher rates may be required if weed populations are extreme, if waxy leaf species are targeted, or if plants are stressed at the time of treatment. Always add this product last to the spray mix and continue agitation or follow specific tank filling information on the herbicide label. Do not allow water to be introduced. Always refer to the herbicide labels for additional recommendations or precautions.

**STORAGE AND DISPOSAL**
Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

**WARRANTY - CONDITIONS OF SALE**
Our recommendations for use of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall the Manufacturer or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product when such use and/or handling is not in strict accordance with directions given herewith. The foregoing is a condition of sale by the Seller and is accepted as such by the Buyer.
