It is a violation of federal law to use this product in a manner inconsistent with its labeling.

INITIAL APPLICATION: Add 1 gallon per 50,000 gallons of pool water.

MAINTENANCE DOSE: Add 32 ounces per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days as necessary.

BOOSTER DOSE: Immediately after every rain, add one quart per 50,000 gallons of water.

WINTER DIRECTIONS: For pools that have been properly maintained during the swimming season and have no visible algae, add 16 ounces per 10,000 gallons of water. For pools that have some visible algae at the end of the swimming season, add 64 ounces per 10,000 gallons of water. Be sure to circulate the water for 2 to 4 hours prior to closing.

For best results, the mixture should be distributed evenly around the edge of the pool with the filter running, and the pH and chlorine levels in the acceptable range.

IMPORTANT: Follow all directions even when pool is not in use.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: COSMIC: Causes irreversible eye damage and skin burns. DO NOT get in eyes, on skin or on clothing. Wear protective eyewear (goggles, safety glasses or face shields), protective clothing and protective gloves (chemical resistant or rubber gloves). Harmful or fatal if swallowed, absorbed through the skin, or inhaled. DO NOT breathe vapor. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF IN EYES: Hold eyelids open and rinse slowly with water for 15 - 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

IN CASE OF EMERGENCY Call 1-800-654-6911

ENVIROHARMON HAZARDS

This product is toxic to fish and other aquatic organisms.

STORAGE AND DISPOSAL

Keep this product dry in tightly closed container away from persons and children unfamiliar with its use. Store in cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If not, discard in trash.
