DIRECTIONS FOR USE
A fine-atomized mist or spray is the most effective method for protecting yourself from biting insects. Do not spray in enclosed areas. Hold nozzle 6 to 8 inches from skin and clothing while spraying. Keep nozzle pointed away from face. Slightly break seal. Use just enough repellent to cause an after-scent on skin and clothing. Do not use under clothing. Do not apply directly onto face. Spray on hands first, and then apply sparingly to face, avoiding eyes. Do not apply near eyes and mouth. Apply sparingly around ears. Do not apply over cuts, wounds or irritated skin. Do not apply to children’s hands. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. Avoid overexposure of this product. After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. Will not damage nylon, cotton or wool. Do not apply to synthetic fabrics such as velveteen, nylon or spandex. May damage furniture finish, leather, plastic, painted or stained surfaces including watch crystals, gems, brass and aluminum. If one of this product may cause skin reactions in rare cases. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID
If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If you suspect a reaction to this product: Discontinue use. Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. Have the product container with you when calling a Poison Control Center or going for treatment. For additional information in case of emergency, call 1-800-767-9927.
