Environmental Hazards:
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other water bodies in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

Storage and Disposal
Do not contaminate water, food, or feed by storage or disposal. Pesticide Storage: Do not store at low or extreme temperatures. Pesticide Disposal: If empty, do not reuse the container. Place in trash and offer for recycling if available. If partly filled, call your local waste management agency for proper disposal. Never place unused product down any indoor or outdoor drain. Container Disposal: Non-refillable container (Do not reuse or refill this container). Take container to a Refuse Collection Point. If container is not refillable, offer for recycling if available, or puncture and dispose of as a unit and landfill, or in accordance with local regulations, as if allowed by state and local authorities, by burning if necessary, at least 15 meters (50 feet) from waterways.

Treats 5 Gallons

For Use in Interior/Exterior Latex, Aqueous, Oil & Solvent Based Paints, and Adhesives
—PLUS Low Odor

Danger
Keep Out of Reach of Children

6.89 FL. OZ. (204 ml.)

Active Ingredients:
3-lodo–2 propynyl butylcarbamate.... 20.00%
Other Ingredients:.................. 80.00%
TOTAL:................................ 100.00%

EPA Reg. No. 5383-74-7135
EPA Est. No. 7135-IL-001

First Aid

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Contains petroleum distillate—vomiting may cause aspiration pneumonitis.

In Case of Emergency: Call 800-424-9300

Physical and Chemical Hazards Information:
Do not use or store near heat or open flame.

Directions for Use:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Mixers and Handlers: Read precautionary statements prior to handling the product. Add M-1 Advanced Mildew Treatment as directed below to the coating for maximum protection against mildew, mold. Mix thoroughly, stirring M-1 Advanced Mildew Treatment into the coating for 2-3 minutes. To ensure best coverage and results, follow coating manufacturer’s instructions for cleaning and preparing the surface. M-1 Advanced Mildew Treatment is for protecting the applied film and paint, not the substrate.

Pour contents of container into 5 gallons of paint or other coating. Shake or stir thoroughly for 2-3 minutes.
