First Aid:

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing:
- Take off contaminated clothing;
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

If swallowed:
- Call poison control center or doctor immediately for treatment advice.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Have person sip a glass of water if able to swallow.
- Do not give anything by mouth to an unconscious person.

Hotline Number:
Have the product container or label with you when calling a poison control center, doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30 AM to 4:30 PM Pacific Time (NPIC website: www.npic.orst.edu).

Note to physician: Skin symptoms may be similar to copper allergic reactions and can be treated similarly, including the use of steroid-containing lotion. If swallowed, probable mucosal damage may contraindicate the use of gastric lavage.

Directors for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact adults, children, or pets. For aquariums and containerized ponds only. No More Algae helps inhibit the growth of many types of algae in freshwater aquariums, including suspended algae blooms and algae which grow on the sides of glass and acrylic tanks. Do not use in tanks with live plants, snails or other invertebrates. Remove carbon from filter during use. Use One Tablet for Each Ten Gallons (40 L) of Aquarium Water. Repeat Treatment When Algae Growth Begins to Appear. Note: Not for use in soft and/or acid water with low alkalinity. For regular maintenance, use once a month or as algae growth starts to appear. For best results, if algae is already present on sides of aquarium, wipe clean before treating. This product contains a chemical known to the State of California to cause cancer.

Storage and Disposal:
Pesticide Storage: Store in an area inaccessible to children, water supplies and feed. Pesticide Disposal and Container Handling: Refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
