ALGAE ELIMINATOR

Marineland Algae Eliminator eliminates algae blooms (green water) as well as water against algae that grow on glass and decor. Use as directed.

Algae Eliminator is safe to use with ornamental freshwater fish and plants.
- does not alter pH
- does not contain copper

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labelling. To be used in established aquariums. Before applying, it is recommended you first remove as much algae as possible by cleaning the glass and decor. This allows Marineland Algae Eliminator to be most effective. To reduce the remaining algae and inhibiting new growth:
- Remove excess algae before adding the product.
- Add 1 ml of Marineland Algae Eliminator for every 12 gallons (45L) of aquarium water.
- The bottle cap can also be used for measuring. Fill the cap (10mL) to treat 120 gallons (450L).
- For maximum effectiveness ensure that the aquarium is well aerated.
- Do not add any other chemicals or treatments until algae is under control. Be prepared to remove excess algae from the aquarium.

ATTENTION: Do not use in aquariums with invertebrates or crustaceans e.g. crabs, shrimp, or crayfish.

PRECAUTIONARY STATEMENTS:

HAZARD TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. ENVIRONMENTAL HAZARDS: To protect the environment, do not allow this product to enter into any controlled waterways, drainages ditches, surface waters, or any waters, such as lakes and rivers. Do not use in aquaria with ornamental freshwater fish and plants. If inhaled, remove to fresh air. If not improved, contact a physician. IF SYMPTOMATIC: Call poison control center or doctor immediately for treatment instructions. If exposed, rinse eyes or face with plenty of water if possible to rinse, do not rub. If irritation continues, seek medical attention.

NOTICE: This product contains chemicals known to the State of California to cause cancer.
