Deposition Aid and Nonionic Surfactant

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRINCIPAL FUNCTIONING AGENTS:
Modified vegetable oil, alcohol ethoxylate, lecithin ............................................ 93%
CONSTITUENTS INEFFECTIVE AS A SPRAY ADJUVANT ............................................ 7%
Total .......................................................................................................................... 100%
All ingredients are exempt from tolerance under 40 CFR 180.

FIRST AID
If Swallowed:
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious or convulsing person.
• Call a poison control center or doctor for treatment advice.

If On Skin or Clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15 - 20 minutes.
• Call a poison control center or doctor for treatment advice.

If Inhaled:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth.
• Call a poison control center or doctor for treatment advice.

If In Eyes:
• Hold eye open and rinse slowly and gently with water for 15 - 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

Call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

HOT LINE NUMBER
For 24 Hour Medical Emergency Assistance (Human or Animal) call 1-800-308-1241 or for Chemical Emergency Assistance (Spill, Leak, Fire or Accident) call CHEMTREC at 1-800-424-9300.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Causes moderate eye irritation. Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

DIRECTIONS FOR USE
NOT FOR AQUATIC USE.

REFER TO THE ATTACHED LABEL BOOKLET FOR THE COMPLETE PRECAUTIONARY STATEMENTS, GENERAL INFORMATION, DIRECTIONS FOR USE, AND THE STORAGE AND DISPOSAL INSTRUCTIONS.

WARRANTY AND LIMITATION OF DAMAGES
Universal Crop Protection Alliance, LLC, warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes set forth in the complete Directions For Use label booklet ("Directions") when used in accordance with those Directions under the conditions described therein. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NO OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE. This warranty is also subject to the conditions and limitations stated herein.

To the extent consistent with applicable law, Buyer and all users shall promptly notify this Company of any claims whether based in contract, negligence, strict liability, other tort or otherwise.

To the extent consistent with applicable law, Buyer and all users are responsible for all loss or damage from use or handling which results from conditions beyond the control of this Company, including, but not limited to, incompatibility with products other than those set forth in the Directions, application to or contact with desirable vegetation, unusual weather, weather conditions which are outside the range considered normal at the application site and for the time period when the product is applied, as well as weather conditions which are outside the application ranges set forth in the Directions, application in any manner not explicitly set forth in the Directions, moisture conditions outside the moisture range specified in the Directions, or the presence of products other than those set forth in the Directions in or on the soil, crop or treated vegetation.

Upon opening and using this product, buyer and all users are deemed to have accepted the terms of this Warranty and Limitation of Damages which may not be varied by any verbal or written agreement. If terms are not acceptable, return at once unopened.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Caution causes moderate eye irritation. Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

GENERAL INFORMATION

CrossLink™ is a powerful, multipurpose pesticide spray adjuvant created specifically to optimize performance using a variety of characteristics.

CrossLink™ right-sizes droplets so that the droplets can hit the target, stick, spread and penetrate the canopy without loss to runoff, bounce or other undesirable effects. This improves pesticide performance by getting more active to the target surface where the pesticide can perform efficiently.

Penetration of the active into the plant is enhanced by CrossLink™ through a combination of MSO, nonionic surfactants and emulsifiers. These superior ingredients have been proven to increase the effectiveness of actives by cutting plant waxes and increasing spreading of droplets.

DIRECTIONS FOR USE

NOT FOR AQUATIC USE.

CrossLink™ is designed to work with a wide range of actives, spray tank partners and spray equipment. Selection of these items should be governed by the active labels, good judgment, sound agronomic practices and experience. As is true with all drift control products, CrossLink™ will reduce but not eliminate drift. The user/applicator must either have experience with the exact tank mix combination or must perform a jar test to ensure compatibility before use.

Always follow all directions on the pesticide label. Read all directions on this and all labels before using. CrossLink™ may be used wherever an MSO, NIS and drift control is not prohibited.

If CrossLink™ is not directed by the active label, add CrossLink™ last, after all the other ingredients and just before filling the tank to the desired level with water.

CrossLink™ should be added separately to the tank while agitation is occurring. Once added to the tank, CrossLink™ is compatible with a wide range of ingredients.

Direct Injection: CrossLink™ can be applied through injection systems when it is added separately to one of the chemical injection tanks. To ensure complete mixing, an in-line mixing chamber is recommended.

Step 1: Add CrossLink™ to a separate chemical injection tank.

Step 2: Start pumping water from the water tank into the system.

Step 3: Start pumping the correct amount of CrossLink™ into the line.

Step 4: Pump the proper amount of pesticide, and other additives into the line for mixing with CrossLink™. Ensure the entire mixture has mixed all the way to the spray boom by observing the spray pattern. Start spraying immediately.

Do not mix CrossLink™ with other tank mix adjuvants, pesticides or fertilizers prior to injection. CrossLink™ is compatible with these products after they are mixed with water.

GROUND AND AERIAL APPLICATION RATES

<table>
<thead>
<tr>
<th>Rate/Acre</th>
<th>Pesticide</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 - 8 fluid ounces</td>
<td>Insecticides, Fungicides</td>
</tr>
<tr>
<td>4 - 8 fluid ounces</td>
<td>Herbicides, Defoliants: for deposition and canopy penetration</td>
</tr>
<tr>
<td>4 - 8 fluid ounces</td>
<td>Herbicides, Defoliants: for reducing drift</td>
</tr>
</tbody>
</table>

Do not add CrossLink™ in excess of 1.6% of the finished spray volume.
**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal of this product.

**STORAGE:** Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition.

**PRODUCT DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable containers 5 gallons or less: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Plastic containers are also disposable by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Nonrefillable containers larger than 5 gallons: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling or reconditioning is not available, puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Plastic containers are also disposable by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Universal Crop Protection Alliance, LLC, warrants that this product conform s to the chemical description on the label and is reasonably fit for the purposes set forth in the complete Directions For Use label booklet ("Directions") when used in accordance with those Directions under the conditions described therein. TO THE EXTEND CONSISTENT WITH APPLICABLE LAW, NO OTHER EXPRESS WARRANTY OR IMPLIED WARRANTY OF FITNESS FOR PARTICULAR PURPOSE OR MERCHANTABILITY IS MADE. This warranty is also subject to the conditions and limitations stated herein.

To the extent consistent with applicable law, Buyer and all users shall promptly notify this Company of any claims whether based in contract, negligence, strict liability, other tort or otherwise.

To the extent consistent with applicable law, Buyer and all users are responsible for all loss or damage from use or handling which results from conditions beyond the control of this Company, including, but not limited to, incompatibility with products other than those set forth in the Directions, application to or contact with desirable vegetation, unusual weather, weather conditions which are outside the range considered normal at the application site and for the time period when the product is applied, as well as weather conditions which are outside the application ranges set forth in the Directions, application in any manner not explicitly set forth in the Directions, moisture conditions outside the moisture range specified in the Directions, or the presence of products other than those set forth in the Directions in or on the soil, crop or treated vegetation.

Upon opening and using this product, buyer and all users are deemed to have accepted the terms of this Warranty and Limitation of Damages which may not be varied by any verbal or written agreement. If terms are not acceptable, return at once unopened.

Warranties, representations and agreements are made to the extent allowed by law, and for the benefit of Buyer and users of this product only, and are not intended for the benefit of any other person or entity.

**IMPORTANCE: READ BEFORE USE**

Read the entire Directions For Use and Warranty and Limitation of Damages before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions and Warranty and Limitation of Damages.
