EFFITIX®
Topical Solution for Dogs

FOR USE ON DOGS AND PUPPIES 8 WEEKS OLD OR OLDER

For convenient, quick-acting, long-lasting, effective control of fleas, ticks, mosquitoes, and lice.
- Easy and convenient application
- Stops existing infestations and prevents establishment of new infestations for fleas and ticks
- Starts working on contact
- Waterproof
- Prevents re-infestation for one month
- Remains effective even after bathing, water immersion, or exposure to rain or sunlight
- Kills newly-emerged adult fleas prior to egg laying
- Kills fleas that may transmit the following diseases: bartonellosis, tularemia, and tapeworm infections
- Kills ticks that may cause Tick-Transmitted Diseases (TAD) or flea-borne anemia
- Prevents blood-feeding by mosquitoes
- Kills and repels all stages of brown dog ticks, American dog ticks, Lone Star ticks, and Deer ticks (that may transmit Lyme disease, Rocky Mountain Spotted Fever, babesiosis, ehrlichiosis, and anaplasmosis)
- Kills and repels mosquitos.
- Repeals and prevents blood-feeding by biting flies.
- Kills lice and aids in the control of scabies mites
- Prevents and controls lice infestations

EFFITIX® topical solution for dogs contains the active ingredients fipronil and permethrin, which control infestations caused by fleas, ticks, and lice; repel against biting flies, and repel and kill mosquitoes.

READ ENTIRE LABEL BEFORE EACH USE

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HAZARDS TO HUMANS
Harmful if swallowed or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only.

Do not use on puppies under 8 weeks of age. Individual sensitivities, while rare, may occur after using an insecticide product. Dogs may experience some temporary irritation at the site of product application. If signs of sensitivity occur, bathe your pet with mild soap or shampoo and rinse with large amounts of water. If signs of sensitivity occur and persist, contact a veterinarian immediately. If your dog has an unusual reaction to the initial application, consult a veterinarian before reapplying. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated, dehydrated, aged, pregnant, or nursing dogs, or animals known to be sensitive to pesticides products.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. Do not allow children to apply product. TO PREVENT HARM TO YOU AND YOUR DOG, READ ENTIRE LABEL AND DIRECTIONS BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. FOR EXTERNAL USE ON DOGS ONLY. DO NOT USE ON CATS OR RABBITS. DO NOT USE ON OTHER ANIMALS.

**DO NOT USE ON CATS.**

**FOR EXTERNAL USE ON DOGS AND PUPPIES ONLY.** Do not use on puppies under 8 weeks of age. Do not split tubes between dogs. Do not use multiple tubes on one dog. Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog. Exercising your dog can result in serious illness. Do not bathe your dog within the first 24 hours after the product has been applied. If your dog is exhibiting signs of unusual skin irritation or skin problems, talk to your veterinarian before applying any topical flea and tick control product. Do not apply more often than once per month (every 30 days).

For use on DOGS and PUPPIES (8 weeks old or older). To repel and kill fleas, ticks, and mosquito bites to kill lice and to aid in the control of sarcoptic mange, in rapid and prevent labeled feeding by biting flies, apply monthly according to directions.

**APPLICATION DIRECTIONS**

1. Remove one applicator from packaging. Hold applicator upright and remove cap.
2. Push cap and applicator tip directly against exposed skin.
3. For small dogs and puppies 8 weeks old or older weighing 5 to 10.8 lbs or weighing 11 to 22.8 lbs. Deposit entire contents by squeezing the entire applicator contents onto dog's skin, at a single site, between the shoulder blades as shown in diagram 3a.
4. For medium dogs 23 to 44.9 lbs or large dogs 45 to 98.9 lbs. Apply the product evenly to three spots on the dog's back, starting between the shoulder blades and continuing on to the second and third spots as shown in diagram 3b. Squash the applicator until empty.
5. For extra large dogs 99 lbs to 159 lbs. Apply the product evenly to four spots on the dog's back, starting between the shoulder blades and continuing on to the second, third, and fourth spots as shown in diagram 3c. Squash the applicator until empty.

Ensure that EFFITRIX® Topical Solution for Dogs is not applied superficially on dog's hair.

**FREQUENCY OF APPLICATION**

Fleas, ticks, and biting and chewing lice infestations can be controlled with monthly applications of EFFITRIX® Topical Solution for Dogs. Sibling ticks and nasonovae are repelled by EFFITRIX® Topical Solution for Dogs.

**Please:** EFFITRIX® Topical Solution for Dogs can start killing adult fleas within 6 hours and lasts for up to 4 weeks (one month). Apply monthly if your dog has fleas that may cause flea allergy dermatitis (FAD), or if re-infestation is likely.

**Thrips:** EFFITRIX® Topical Solution for Dogs can kill ticks for at least a month. Apply monthly where tick control is consistently needed.

**Lice:** EFFITRIX® Topical Solution for Dogs can kill biting and chewing lice for up to a month. Apply monthly where lice control is consistently needed.

**Sarcoptic mange:** EFFITRIX® Topical Solution for Dogs aids in the control of sarcoptic mange.

**Biting flies and Mosquitoes:** When applied monthly, EFFITRIX® Topical Solution for Dogs repels biting flies and mosquitoes for up to 4 weeks (one month). Apply monthly where control is consistently needed.

**Sarcoptic mange:** EFFITRIX® Topical Solution for Dogs. Avoid contact with treated area until dry.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or lived by storage and disposal.

**STORAGE:** Store unused product in its original container only, out of reach of children and animals.

**PESTICIDE/CONTAINER DISPOSAL:** If empty: Nonhazardous. Do not reuse or refill this container. Offer for recycling, if available. If partially filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drains.

**LIMITED WARRANTY AND DISCLAIMER**

VRAC warrants this product only if it is used, stored and handled in accordance with the label instructions. The buyer and users are solely responsible for all risks of use and handling of this product when such use and handling are contrary to or differ from the label instructions. To the extent permitted by applicable law, any damages arising from a breach of this warranty shall be limited to direct damages only and shall not include any type of consequential damages.
