KEEP OUT OF REACH OF CHILDREN
CAUTION
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through skin or if inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Remove contaminated clothing and wash clothing before reuse. Wear protective eyewear (goggles, face shield, or safety glasses) and protective gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

| If swallowed:          | •Call a poison control center or doctor immediately for treatment advice.  
                        | •Have person sip a glass of water if able to swallow. 
                        | •Do not induce vomiting unless told to by a poison control center or doctor. 
                        | •Do not give anything to an unconscious person. |
|------------------------|------------------------------------------------------------------------------------------------|
| If in eyes:            | •Hold eye open and rinse slowly and gently with water for 15-20 minutes. 
                        | •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. 
                        | •Call a poison control center or doctor for treatment advice. |
| If inhaled:            | •Move person to fresh air. 
                        | •If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. 
                        | •Call a poison control center or doctor for further treatment advice. |
| If on skin or clothing:| •Take off contaminated clothing. 
                        | •Rinse skin immediately with plenty of water for 15-20 minutes. 
                        | •Call a poison control center or doctor for treatment advice. |
GENERAL INFORMATION
FTF DEFOAMERTM is a highly concentrated, high performance defoamer designed for controlling both entrained air and foam forming surface tension in agricultural sprays. It performs well with all agricultural chemicals and is especially effective on difficult-to-control foaming problems in agricultural spray mixes.

FTF DEFOAMER provides effective, high performance foam control at very low concentrations under normal foaming situations in recirculating sprayers and in other high agitation equipment.

Not for aquatic use.

DIRECTIONS FOR USE
To use, remove the cap and the foil tamper-proof seal underneath the cap and then replace the cap. To dispense, hold the FTF DEFOAMER container over the spray tank or mix tank opening and fully invert the container. A small amount of the FTF DEFOAMER will self-discharge into the tank. Additional defoamer can be added by lightly squeezing the container. Use sparingly and avoid getting the thick defoamer on the sides of spray equipment. Ensure that the added defoamer is adequately agitated and allowed enough time to perform before increasing the use rate. Due to the small amount of defoamer required, when added to the top of foam that is already present, it may take a longer time to fully disperse the defoamer into the total spray mix.

The concentration of FTF Defoamer in the spray tank cannot exceed 10% of the total amount of formulated pesticide(s) in the tank mix.

Air Application: Add to premix tank as soon as possible during filling.

Ground Application: Add to spray tank as soon as possible during filling.

Shake Well Before Use.

USE RATES
FTF DEFOAMER is a highly concentrated and potent defoamer that, under typical situations, should be used sparingly at very low rates compared to other commercial defoamers. To control foam in a premix prior to the onset of foam formation, use 0.1 fluid ounces (3 milliliters) per 100 gallons of spray mix. If existing foam is present, use 0.1 to 0.3 fluid ounces (3 to 9 milliliters) per 100 gallons of spray mix. In highly difficult foaming situations, use 0.3 to 0.5 fluid ounces (9 to 15 milliliters) per 100 gallons of spray mix.

Conversions: 0.5 fluid ounces = 15 milliliters = 1 tablespoon

RESTRICTIONS
The concentration of FTF Defoamer in the spray tank cannot exceed 10% of the total amount of formulated pesticide(s) in the tank mix.

Not for Aquatic Use.
STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

PRODUCT STORAGE: Store at room temperature in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

PRODUCT DISPOSAL: Improper disposal of excess spray mixtures or rinsate is a violation of Federal Law. Wastes resulting from use of this product should be disposed of through on site spray application or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Burning is not a legal method of container disposal in Washington State.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED “AS-IS”, AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
