ENFORCEMENT

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN: Food service and preparation areas, food processing plants, restaurants, clubs, stores, supermarkets, bottling plants, warehouses, buildings, factories, offices, laboratories, classrooms, ships, planes (cargo area), hotels, motels, hospitals, nursing homes, schools, day-care centers, funeral homes, kennels, farms, barns, stables, dairies, homes, milk and egg handling areas of dairies and chicken houses.

This product is engineered for use in automatic metered dispensers. The dispenser automatically activates the metered solution every 10 and/or 30 and/or 45 minutes. Within 24 hours the area is a relatively free of house flies, mosquitoes, gnats, and small flying moths. A second application may be necessary to protect the area from late season insects and outdoor infestations. This product can be used to kill mosquitoes, including Culex species which may carry the West Nile Virus. This product can be used to kill House Flies, gnats and Small Flying Moths. Each dispenser will treat up to 650 square feet. Use enough dispensers to treat the entire area you want protected.
