EX-ICUTE™ / RAPID-O™
RID-BUGS™
Organic Pesticide and Bio Fungicide

PRODUCT INFORMATION
Controls sucking and chewing insects and fungal diseases like powdery mildew, rust, and Sigatoka.

Vegetables
Insects controlled includes but is not limited to the following: Army Worms, Aphids, Thrips, Fruit Flies, Leaf Hoppers, Leafminers, Meaty Bugs, Scale (Red and Brown, Citrus Scale), Snails, Mites, Pepper Weevils, Pea Moth, Beetle, and Deer Flies, Whitefly, Mosquitoes, Flies, Gnats, No-See-Ums, Flies, Tics, Silverfish, Crickets, Moths, Cinch Bugs, Ants, Palmetto Bugs, and leafhoppers and more.

Bananas
Sigatoka Negra (Black Sigatoka), Bacterial Acreus Negros, Alzona Blanca (White Fly)

Rice
Acreus (Flying bug on rice) Acreus, Caracol (Snail)

Fungus
Pyricularia oryzae, Rizoctonia solani

Coffee
Insects, Rust and Fruits

Applying EX-ICUTE to Raw Vegetables in Storage: by thermo-fogging to control insects, fungus, bacteria and sprouts.

EXICUTE at a rate of one gallon per 10,000 cwt for thermal fogging from 800°F to 1000°F for 8 to 10 hrs. vaporizing.

HOW EX-ICUTE/RAPID-O/RID-BUGS WORKS:
To rid plants of all stages of chewing and sucking insects PLUS some fungal diseases. There are both good and bad cell wall proteins. The fundamental elements that allow the EXICUTE/Rapid-O/Rid-Bugs to be effective is the molecular complex’s ability to selectively disarm the difference between the good and bad proteins. The main mode of action of this organic product is its ability to attach to, and dissolve, non sub-bounded, cell wall proteins that are characteristic of a broad range of pests, while leaving the salt bonded-proteins unharmed for complete plant safety across a broad range of environments. EXICUTE/Rapid-O/Rid-Bugs basically breaks down the glue that holds insects and some fungi together, resulting in exceptional, broad-spectrum post-control with little to no chance of product resistance development by insects.

Pre-caution Statements
Always check compatibility by spraying a small number of plants before final application.

CAUTION:
AVOID CONTACT WITH EYES, SKIN, OR CLOTHING.
In case of contact, immediately flush eyes or skin with water for ten minutes. Seek medical attention if irritation persists. If swallowed, immediately seek medical attention.

PERSONAL PROTECTIVE EQUIPMENT: Applicators and other handlers of this product should wear long sleeve shirt and pants, shoes plus socks, gloves, and protective eyewear.

KEEP OUT OF REACH OF CHILDREN

FIRST AID MEASURES:
Eye Contact: Flush immediately with cool, clear water for at least 15 minutes. Seek medical attention immediately.

Skin Contact: Thoroughly wash the affected area with soap and warm water. Flush with large quantities of water. If irritation persists call a physician.

Inhalation: Remove individual to fresh air.

Shake well before using.
