DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS
Do not apply to any site, to any pest, or by any method not specified on this label. This product may only be used to control moles and pocket gophers in lawns, below ground applications is unknown. Do not apply directly to food crops or feed crops. Do not apply in gardens or areas where food or feed may be contaminated. Do not apply this product by use of an artificial burrow builder. Not to be sold in individual containers containing more than 1 pound of product.

SPECIFIC DIRECTIONS FOR MOLES
- The presence of mites may be indicated by a network of surface ridges in the turf, by a series of conical mounds of earth pushed up from deep burrows, or by damage to flower bulbs.

SURFACE RIDGES
Prior to treatment determine which burrows are active according to one of the following two methods. Either press down a small section of the burrow or remove a cone-shaped section of the tunnel's roof. Mark these sections and check in 24 hours. The burrow is considered active if the flattened runway has raised up or if the roof has been repaired. Only treat active burrows.

Carefully punch a hole in the top of active tunnels, drop a teaspoonful of this product and carefully dispose of burrow with soil or sand. Do not cover the runway again or allow bate to cover the burrow. After a few days check to see if the burrows are still active according to one of the two methods described above. If no, repeat treatment.

CONEAL MOUNDS
Remove center plug from the conical mound with a sharp tool. Spoon off teaspoonful amount of this product into the underground tunnel. Cover opening with rock or soil. Do not allow loose dirt to cover burrow.

FIRST AID Kit

If inhaled
Move patient to fresh air. If patient is not breathing, call 911 or ambulances, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in eyes
Hold eyes open and rinse softly and gently with water for 10-15 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

SLIDE DISPOSAL
Pesticide Storage: Store and transport in original container only in an upright position, and in a dry place inaccessible to children and pets.

Pesticide Disposal: Nonrefillable container. Do not reuse or refill empty containers. If empty – Place in trash or other waste disposal. Never pour unused product down any indoor or outdoor drain.

FIRST AID

If swallowed
Immediately seek medical advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any type of food or drink. Do not give anything by mouth to an unconscious person.

If on skin or clothing
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Bonide Products, Inc. offers a complete line of gardening products.
Insect Control,
Disease Control,
Weed Control, Repellents,
Specialty Fertilizers and Plant Nutrients.

Ask your local garden center about these additional Bonide®
Mole and Gopher Control products:

Revenge Moletox® Mole Killer
˗ The patented syringe injector system allows you to deliver pre-measured doses of bait directly into the tunnel.
One syringe covers up to 10,000 sq. ft.

Bonide® MOLEMAX®
Mole & Vole Repellent
˗ A granular product that provides an effective means of repelling burrowing animals from desirable turf and ornamental areas. Can also be used when planting bulbs to prevent rodent depredation.

Mole Trap
˗ These easy to set traps may be used over and over, providing effective, economical mole control. Sturdy metal construction lasts for years.

Rodent Smoke Bombs
˗ An effective, quick and reliable product for Moles, Gophers, Woodchucks, Rats, Skunks, and Ground Squirrels. The smoke will penetrate deeply into tunnels to do the job.

Some Bonide® products are not available or registered for use in some states. Ask your local garden center which products are available in your area.
