KEEP OUT OF REACH OF CHILDREN - FIRST AID

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance and administer artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin: Take off contaminated clothing. Rinse or bathe skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

For emergency information contact: National Pesticide Information Center at 1-800-336-3727 between 6:30 am and 4:30 Pacific Time. After 4:30 call your poison control center. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Hazards: If swallowed, absorbed through the skin, or inhaled, breathing vapors or spray may cause contact with skin and eyes. In cases of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. When using this product as a space spray in food processing plants, foods must be removed or covered during treatment. Apply only when the facility is not in operation. At home and in food processing facilities, apply the spray to clean dry gear to use with an effective cleaning compound followed by a potable water rinse. In storage areas, remove any obstructing plastic and/or metal. Use care in mixing. Do not apply directly to wood or metal. Use of this product in direct contact with plastic, rubber, or other materials that are affected by water may result in discoloration.

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish. Do not contaminate water, wells, or surface water sources. Apply only when the facility is not in operation. At home and in food processing facilities, apply the spray to clean dry gear to use with an effective cleaning compound followed by a potable water rinse. In storage areas, remove any obstructing plastic and/or metal. Use care in mixing. Do not apply directly to wood or metal. Use of this product in direct contact with plastic, rubber, or other materials that are affected by water may result in discoloration.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by using or storing the product. Store in a cool, dry place away from children, preferably a garage or other large airy area.

CONTAINER DISPOSAL: Do not puncture or incinerate. If empty, Place in trash or for recycling if available. If partly full, Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

NOTICE

It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, and the manner of use or application. Animal growth and health are beyond the control of Chem-Tech, Ltd., the manufacturer or seller. The manufacturer or seller shall not be liable for damages not exceeding the cost of the product.

Except as expressly provided herein, Chem-Tech, Ltd., the manufacturer or seller makes no warranties, guarantees, or representations of any kind, either express or implied, or by usage of trade, statute or otherwise with regard to the product sold, including, but not limited to, merchantability, fitness for a particular purpose, or any eligibility of the product for any particular trade usage. Buyer’s or user’s exclusive remedy, and Chem-Tech, Ltd.’s, the manufacturer or seller’s liability, shall be for damages not exceeding the cost of the product.

ACTIVE INGREDIENTS

Pyrethrins 0.5%
Technical Piperonyl Butoxide 5.0%
OTHER INGREDIENTS 94.5%
TOTAL 100.0%

*Equivalent to 0.5% (buclycarbaryl) (6-propylpiperonyl) ether and 1.0% other and related compounds.

**Contains Petroleum Distillates

KEEP OUT OF REACH OF CHILDREN CAUTION

Net Weight: 5 oz. (709g)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the label.

TO TREAT ANIMALS: To protect cattle from attractive stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes, and other flies and insects. Apply at the rate of 1 to 2 seconds per 100 cubic feet of space. For blankets keep area closed for 10 minutes after application. Do not remove any treated areas.

IN ANIMAL QUARTERS & MILK ROOMS: For rapid control of house flies, mosquitoes, gnats, wasps, and flying moths close windows and doors and spray at the rate of one second per 1000 cubic feet of space. For blankets keep area closed for 10 minutes after application. Do not remove any treated areas.

HOME AND FOOD PROCESSING AREA USE: For flies, mosquitoes, small flying moths (flies), and gnats: Close all doors and windows. Point nozzle upward and spray the mist up to all parts of the room, especially windows and other light sources that attract these insects. Fill the room with mist, then leave the treated areas. Keep the room closed for at least 15 minutes, ventilate the room when treatment is completed.

Sprays, Waterfogs, Stew Bugs, Spiders, and Carpenterflies: spray thoroughly into hiding places such as cracks, crevices, cracks, and small openings, around cabinets and sinks, under refrigerator, baseboards and storage areas. Spray directly on insects where possible. Repeat as necessary.
